SHIFTS HAPPEN... world is moving faster than the blink of an eye.. which is affecting every single human being.. the technology is spreading its wings far and wide.. people are preparing for jobs which will commence after a decade... from traditional to gen alpha and beta... there is V.U.C.A (volatility, uncertainty, complexity and ambiguity)... The common antidote to the challenges of a VUCA (Volatility, Uncertainty, Complexity, Ambiguity) environment is a set of leadership skills and organizational responses that also form the acronym VUCA or VUCA Prime: Vision, Understanding, Clarity, and Agility. These antidotes help leaders and organizations navigate and even leverage turbulent conditions by providing a framework for action and decision-making. Very informative and engrossing talk by Mr. Chetanbhai Bhojani... thanks a lot

Very energetic session of zumba with Dr. Maddy was held on Sunday... followed by lipsmacking refreshments... Thanks Dr. Mukesh Chavda (Maddy) and his team and Jigneshbhai Kamdar and Avni for a very refreshing and revitalizing dance exercise
