ROTARY INTERNATIONAL NEWS

Rotary and Gates Foundation extend partnership to end polio
Joint commitment will add US \$450 million to global polio eradication efforts over three years

CALGARY (22 June 2025) – Rotary and the Gates Foundation are renewing their longstanding partnership to end polio, announcing a joint commitment of up to US \$450 million to support the global polio eradication effort at the annual Rotary International Convention.

gratitude to the Gates Foundation, we remain resolute in delivering on our promise of a polio-free world.

Canadian Rotary members have contributed US \$50 million of the more than US \$2.9 billion Rotary has committed to fighting polio and countless volunteer hours since Rotary launched its polio eradication program, PolioPlus, in 1985. In 1988, Rotary joined in partnership with the World Health Organization, UNICEF, and the U.S. Centers for Disease Control and Prevention to form the GPEI.

The Gates Foundation and Gavi, the Vaccine Alliance later joined. When the initiative launched, there were 350,000 cases of polio every year, but thanks to the GPEI's efforts, in partnership with world governments—including Canada's which most recently pledged CAD \$151 million to the GPEI and has committed more than CAD \$1 billion to date as demonstration of its longstanding, unwavering support for polio eradication—the incidence of polio has plummeted by more than 99.9 percent
