## "The Magic of Rotary"

"In every corner of the globe, Rotary brings the magic of hope, compassion, and change. Like magicians of goodwill, Rotarians weave together threads of service, turning dreams into reality and challenges into triumphs. With each project, each act of kindness, we unleash the power of Rotary to create lasting impact and transform lives."

Editor

## From Editor's Desk

**Greetings to all of you!!!**

*“The old order changed, yielding place to new,  
And God fulfils Himself in many ways, Lest one good  
custom should corrupt the world”. Alfred Lord Tennyson in  
his classic poem “Morte d'Arthur”.*

It is a new year with a new team but the guiding principles remain same.

The rains are washing us again. A welcome change from hot and humid summers. As the nature heals the wounds on earth let us come back again to shower love and peace based on the principles of Rotary. Climate change and current strifes in many parts have generated lot of pessimism and despair. It is time for brave and noble souls of Rotary to apply “The four Way Test” in whatever we say, , think or do. Let us all become harbingers of peace , beacon of harmony and weave “The Magic of Rotary”.

## **Message from President International**

**July 2024**

**Stephanie Urchik**  
**RI President 2024-25**

Rotary is at its best when we foster a sense of inclusion and belonging in our clubs. In fact, I would go so far as to say that belonging is The Magic of Rotary itself.

With a focus on inclusivity and belonging, it is easier to be united in a common purpose. When we are committed to one another and focused on our goals, we are most effective.

Rotary's Action Plan can help. The Action Plan comes with tools you can use to collect feedback, assess your club's strengths and weaknesses, and address challenge

The world is changing, and our clubs can't afford to stand still. But the changes we make need to be consistent and strategic — building on one another toward a greater vision. The Action Plan can help you work toward that vision and create effective change within your club.

Following the Action Plan and addressing suggestions from the community will go a long way to fostering the sense of belonging we want all Rotary members to feel in their clubs.

That's why expanding our commitment to diversity, equity, and inclusion is so important. Committing ourselves to each other's well-being is the first step to expanding our reach, allowing us to spread Positive Peace in these troubled times.

Peacebuilding is one of our top priorities, and one of the most effective ways we can build peace is with our Rotary Peace Fellowships, through which peace and development professionals learn how to prevent and end conflict.

We offer the fellowships through our Rotary Peace Centers at leading universities around the globe, where more than 1,800 Rotary Peace Fellows have graduated. And thanks to a \$15.5 million gift from the Otto and Fran Walter Foundation, we can continue supporting peacebuilders in more regions with the next peace center at Bahçeşehir University in Istanbul. Opening another peace center is a monumental achievement, and it is my great honor to invite you to celebrate at next year's Rotary Presidential Peace Conference at the Istanbul center. The three-day conference 20-22 February will highlight the many ways our family of Rotary advances peacebuilding. Registration for the conference is officially open. I hope to see you there.

The 2025 Rotary Presidential Peace Conference has great potential for our peacebuilding efforts — but only if we have your support.

The truth is, we're not going to bring peace to the world, end polio, or grow membership by waving a wand and saying some funny words. It's up to you. You create the magic with every project completed, every dollar donated, and every new member inducted.

I love my Rotary family and I know you do too. That's why I know that together, we can make every club and district simply irresistible. This year, let us change the world by embracing The Magic of Rotary.

Greetings to all of you!!!

**Rtn. Dinesh Mehta**  
**RID 3142 DG 2024-25**

As we embark on another remarkable and Awesome Rotary Year, we prepare to welcome new leadership and embrace fresh opportunities to serve. Rotary's strength lies in its ability to adapt, evolve and inspire through the commitment of its members. July 1st, 2024 marks the advent of a new Rotary year - the Awesome Year.

It was legendary American President Abraham Lincoln who said " If you give me six hours to chop down a tree, I will spend the first four hours sharpening the axe " This is what Rotary Learning Facilitates for all of us. It prepares us for the Leadership role we are about to take on in the new Rotary Year.

Let's begin the year with renewed energy and dedication. We now have goals and plans in place and it is now time to execute them to perfection.

Friends, Only if there is Magic in Rotary, will you find it awesome to be a Rotarian and only through Awesome service will there be Magic in Rotary. I urge you, therefore to develop an Awesome Mindset for yourself to create the Magic in Rotary

The District has designed an awesome 31 Ready Made Projects , which every Club is free to choose from

These are

1. The Eight MEGA Projects
2. The First Lady led COLS CPR Project
3. TB MUKT RID 3142, An initiative of GOI
4. The unique 12 Amrit Mahotsav Challenges
5. The Mega Mental Health, unique, initiative
6. The Eight JDS led Events
7. The Annapurna Project that commences 1st July 2024

In addition, in our drive to create Magic in Rotary, we should strive to ensure that every Rotarian donates atleast \$ 75 to the Rotary Foundation and enthuses atleast one new member to ask to be invited to join Rotary

The Key is not the Will to Win, ... everybody has that. To be a Winner, you must Plan to win, prepare to win and expect to win and to remember that Success is not final, Failure is not fatal but it is the courage to continue that counts.

I truly believe that nothing of major significance is achieved by doing small acts of kindness. It is through impactful projects that make a substantial and visible difference to the life of the community that Rotary will truly gain respect.

As President, learn to embrace the journey, trust the process and believe in your abilities. Dream Big, work hard and surround yourself with good people.

Always remember that the only impossible journey is the one you never began and that what you do has far greater impact than what you say

Jyoti joins me in wishing you and the members of the Rotary Club .... a truly AWESOME Year.

**Yours truly**

**Dinesh Mehta**

**Dist Governor, RID 3142**

**Rtn. Sanjay Panigrahi**  
President 2024-25

Dear Fellow Rotarians,

As we embark on the new Rotary year 2024-25, I am filled with immense pride and excitement to serve as your President. This year's theme, "The Magic of Rotary," perfectly captures the essence of what we strive to achieve in our community and beyond.

The Magic of Rotary lies in our collective ability to transform lives and make a lasting impact. It's in the dedication we show in our projects, the compassion we extend to those in need, and the camaraderie we share as members of this remarkable organization.

Our club has a rich history of service, and this year, we will build on that legacy. We have planned numerous initiatives that will not only address the immediate needs of our community but also create sustainable solutions for the future. From health camps and educational programs to environmental projects and vocational training, each effort is a testament to our commitment to making a difference.

But the true magic happens when each of us contributes our unique skills and passion. I encourage every member to get involved, whether it's through participating in projects, attending meetings, or sharing innovative ideas. Your involvement is crucial, and together, we can achieve extraordinary things.

As we navigate this year, let us remember the core values that define us: Service Above Self, Fellowship, Diversity, Integrity, and Leadership. These principles guide our actions and ensure that our efforts are meaningful and impactful.

The year started with Tree plantation for support of the Environment followed by Blood Donation Camps at Bharati Vidyapeeth Dental College and hospital and Kharghar Railway Station wherein 107 bloods collected from the Donor. We honored the CAs and Doctors of our club on the occasion of CA Day & Doctors Day. Annapurna Day also celebrated with kids of Hanuman Nagar CLC where in DG Dinesh Mehta Participated. At the end of the we have donated Food to Cancer patient and their attendants.

I am honored to lead such a dedicated and inspiring group of individuals. Let's make this Rotary year memorable by spreading the magic of Rotary far and wide. Together, we can light up our community and the world with hope, kindness, and service.

Thank you for your unwavering support and commitment.

**Yours in Rotary,**

## ”बारिश और वो तुम्हारी छतरी “

Soni Varma  
Past President  
IWCNM Sunrise

एक छतरी दी थी तुमने कभी ....

बारिशों में मैं जब भीग रही थी ।  
बूंदों की झम झम बरसन से ;  
बचने का कुछ खोज रही थी ।  
सड़क लम्बी और सुनसान ,  
ना पेड़ कहीं ना कोई इंसान ।  
कहाँ रुकूँ ये सोच रही थी !  
तब -धीरे से आ पहुँचे थे तुम !  
एक बड़ी सी छतरी साथ लिए !  
जाने कैसे भाँप लिया ....  
कश्मकश में हूँ ये जान लिया ।  
छतरी और तुम्हारी स्नेहिल छाँव में ;  
सुरक्षित हूँ ; तब ये महसूस था किया !  
फिर चले गए तुम जाने कहाँ ...  
रह गयी टटोलने को यादें !  
और भीगा मन बरसातों सा ..

अब भी वो सुंदर बहुरंगी छतरी ,  
पास रखी है, बहुत सम्भाल कर ।  
वक्रत ने धूमिल कर दिया उन रंगों को ,  
पर यादें अब भी रंगीन तुम्हारी हैं ।  
आज भी जब बारिश होती है  
और वोही -  
छतरी साथ लिए निकलती हूँ ।  
वर्षा से तो बच लेती हूँ ,  
पर भीग जाती हूँ उन बूंदों में ,  
आँखे जो भरपूर बरसाती हैं !  
मन तब भी यही चाहता है ,  
हौले से तुम फिर आ जाओ ।  
उस छतरी में संग भीग लें फिर ;  
सुंदर एहसासों की बारिश में !

अब ....

मंजूषा वो अनमोल सम्भाले हूँ ।  
तुम याद जब भी कभी आते हो ,  
ये छतरी मैं सहला लेती हूँ ।  
तुम्हें पास बहुत ही पास अपने ,  
योंही महसूस कर पाती हूँ !

वो छतरी जो तुमने दी थी मुझे ....

आज भी भरी बरसातों में ..  
मानो रहती है हर पल गीली- गीली सी !  
तुम्हारी सतरंगी , सुवासित यादों से भीगी ,  
सावन भादो भरपूर बरसाती है !  
एहसास के उन छींटों में ..  
आतुर मन से विव्हल होकर ..  
मैं रह-रह-कर , अक्सर -  
भीग-भीग तर हो जाती हूँ !  
और तुम्हें याद बहुत कर जाती हूँ ।

## अभिव्यक्ति

कौन कहता है मुझे तैरना नहीं आता?  
प्यार के सागर में मेरा स्वच्छन्द सन्तरण परखना।  
कौन कहता है मैं चलता नहीं हूँ?  
मन्जिल के तरफ मेरा सुदृढ़ पदक्षेप आपने नापा ही नहीं।  
कौन कहता है मैं हंसता नहीं?  
बागिचे में फूलों को देखते हुए मेरा अनाबिल मुस्कान में नजर  
डालिए।  
नदी के स्वच्छ सलिल में मेरा अवगाहन ओर झरनों के  
अविरलधारातले मेरा उच्छलता ही मेरा परिचय।

कौन कहता है मैं रोता नहीं?  
मेरे दिल की गहराई में झांक के मेरा दर्द को टटोल के देखना।  
अगर सोचते हो की व्यथा मुझे स्पर्श नहीं करता, तो मेरे  
संबेदनायों को समझने की कोशिश करना।

ये ना सोचना की मुझे चाहत नहीं है।  
तुम्हारे सप्रेम संगत पाने के लिए मेरा तुम्हारे प्रति शुभेच्छा और  
शुभकामनाओं का आंकलन कर लेना।

## **Rotary's Quest For Sustainable World**

The world is increasingly becoming worried about climate change. The heat wave this year has seen mercury touching unbearable levels of 50 deg cent at some places. This is a stark reminder that though humans are considered the most intelligent, their uncontrolled greed and consumption is pushing them towards destruction.

Scientists have been foretelling such scenarios for the last two centuries. James Fourier was the first scientist in 1824 to hint of the existence of greenhouse cover responsible for raising the temperature of earth. Eunice Foote, in 1856, explained the composition of greenhouse cover and John Tydall in 1860 found any change in composition of greenhouses could change its impact on earth's climate. Svante Arrhenius, a Swedish scientist, in 1896 first time recognized the negative impact of increase in carbon dioxide content on the climate. In 1938 Guy Callendar conclusively proved that unabated rapid proliferation of human activity and consumption was increasing carbon di oxide percentage in atmosphere and was accelerating climate change. Slowly people worldwide started sharing their concern and called for a global, universal and a collective approach. In the meantime, the signs of global warming and climate change were becoming noticeable and the world started taking these stark warnings seriously. This hue and cry and increased concern of many governments lead to formation of an Intergovernmental Panel on Climate Change under the aegis of UN in 1990. This panel became a repository of all knowledge related to climate change and started publishing their reports annually. The first IPCC report in 1990 resulted in milestone international treaty UNFCCC. Similarly subsequent reports resulted in Kyoto protocol, restricting increase in temperature to 2 deg cent. The annual meetings of COP or the Conference of Parties which is the highest governing body of UNFCCC has been playing the difficult role of bringing consensus amongst all countries. Presently 192 countries have accepted Kyoto Protocol. Another major hurdle was crossed in 2016 when on 1st January seventeen number Sustainable Develop Goals were adopted.

These seventeen goals cover all the aspects of human activity and its impact on environment. The summary of seventeen goals is as

- End poverty
- End hunger
- Ensure healthy lives and promote wellbeing for all.
- Ensure inclusive and equitable quality education
- Gender equality
- Water and sanitation for all.
- Affordable, reliable, sustainable and modern energy for all.
- Decent work for all.
- Build resilient infrastructure,
- Reduce inequality
- Make cities and human settlements inclusive, safe, resilient and sustainable.
- Sustainable consumption and production
- Combat climate change
- Conserve oceans, seas and marine resources
- Sustainably manage forests
- Promote peaceful and inclusive societies
- Strengthen global partnership

The important point to note is that all the projects of Rotary are aligned with the seventeen sustainable development goals of UN.
