## PRESIDENT *Speaks*

Rtn. Dr. Susan Tripathi  
Club President

Dear RCBP Family,

In Rotary, the **Theme for February** month is **Peace Building and Conflict Prevention**. Both these factors are very important to have reduced conflicts and to build good relations for sustainable peace.

Rotary clubs worldwide contribute to many projects which help in building peace and preventing conflicts. The importance of this avenue is discussed and brought out to students through Interact and Rotaract's making them aware at an early age. Through RCCs, Rotary reaches out to various villages and is able to make them self-reliant in peace & harmony. Rotary clubs also through various community services & engagement ensures that peace & harmony prevails in communities.

The **Theme of Sanskriti** this month is **Mahakumbh**. This one historic event has been an unforgettable experience for crores who visited Prayagraj and were able to take a dip in the holy Ganga. People flocked from all parts of India and the world to physically experience this once in a lifetime event. The Seva Bhav was very evident in all the places and one could relate this mammoth task of managing the pilgrims to that of Rotary wheel with the motto of "Service Above Self."

## PRESIDENT *Speaks*

In January-25, we completed 34 projects, 1 Fundraiser event, 1 Speaker Dinner Meeting and 3 meetings. We completed our 8 monthly Annapurna service with an additional one + 10 medical camps in January taking the total count to 85 and we've touched the lives of 11,683 beneficiaries. We thank L&T Realty and Larsen & Toubro Public Charitable Trust for providing CSR support for 100 medical camps in the Vibrant year.

We completed our PF 25 - Kavi Kala (Online Poetry Competition), No Cook Challenge and Taare Zameen Par in a grand manner. Our external speaker in Jan, Mr. Rishi Nanda's talk was very mesmerizing and everyone present enjoyed listening to him. We topped the District ROTAL with participation of 32 members and all coming back home winning awards galore. RCBP was also represented in District Magical Miles - Car Rally for Organ Donation Awareness. We completed 9 Annapurna services in Jan-25. We have provided a total of 40 wheel chairs to various old age homes, disability centres and a hospital, we distributed 8000 mogra sapplings to 12 farmers with the help of CSR support of Bahar Infocom, collaborated for a Leagues Championship Match and many more.

We have successfully completed many projects, programs and events with the enthusiastic support of our members and spouses in Jan-25 and we've together kept our RCBP flag flying high. My gratitude to all our member families.

## PRESIDENT *Speaks*

Some good projects have been planned in the month of February-25... Our own Mr. Rajnish Vohra ji is a speaker in our club meeting at Forest club meeting room on the topic "Union Budget 2025" We will be completing inaugurations of both our vocational centres at Bhandup and Sangharsh Nagar. We have joined with RC of Addiction Prevention as a Co-Host for their VIMUKTI Yatra, a month long car journey, a 10,000 km journey coursing through various states, for addiction prevention and mental health. We have committed USD 5,000/- and joined the Global Grant project of RC Deonar for Project Little Hearts - {paediatric heart surgeries) and we will be completing the 100 medical camps of the Vibrant year in this month.

I look forward to your involvement, contributions & motivation as always.

Yours In Service,

## MESSAGE FROM DISTRICT GOVERNOR RID 3141

### **Magic in Motion: The Vibrant Impact of Rotary 3141**

As we move forward in this Vibrant year, the magic of Rotary continues to unfold through transformative projects that create lasting change and elevate our public image. The Mega Medical Camp at Chitrakoot Ground was a shining example, benefiting 50,000 individuals with essential healthcare services. Witnessing thousands receive life changing aid reaffirmed our belief that Rotary is where help meets hope.

The Powai Run, led by RC Mumbai Lakers, with 8,000 runners, was a spectacular public image initiative, while Magical Miles, spearheaded by RC Mumbai Ghatkopar West, united Rotarians from five districts to drive impactful projects—breast screening camps, Masik Chakra, and organ donation awareness.

At PRATIMA - the Rotary Public Image Seminar, we launched Rotary Wheel Stickers for mobile phones, a simple yet powerful way to showcase our Rotary pride. Meanwhile, Vimukti Yatra, a 10,000 km journey for addiction prevention and mental health, led by RC Addiction Prevention, is breaking barriers and creating awareness. The Para Olympic Games, led by RC Borivli, have empowered communities and reinforced our commitment to inclusivity.

## MESSAGE FROM RI PRESIDENT

**Rtn. Stephanie A. Urchick**  
**President (Y24-25)**  
**Rotary International**

### **February 2025**

This month, as we come together for the International Assembly and the Presidential Peace Conference, we celebrate The Magic of Rotary — a unique blend of global connection, vision, and action that empowers us to create lasting change.

One of the most inspiring examples is our Rotary Peace Fellowship program, a cornerstone of Rotary's mission to build a more peaceful and just world.

For more than 23 years, Rotary Peace Fellowships have been transforming communities. Our

Rotary Peace Centers, hosted at leading universities around the globe, have educated over 1,800 fellows who now work in more than 140 countries.

These centers cultivate expertise in fields like conflict resolution, sustainable development, and peacebuilding, preparing fellows to tackle some of the world's most pressing challenges. This program exemplifies how Rotary turns vision into action, creating a ripple effect of hope and change.

This month during the Presidential Peace Conference, we celebrate a significant milestone with the opening of our newest peace center in Istanbul. This center will focus on training leaders to address peacebuilding challenges in the Middle East and North Africa, further extending Rotary's impact. Peace fellows are dedicated champions of transformation, addressing critical issues such as refugee resettlement, youth and women's empowerment, and

reconciliation in conflict zones. Many founded vital organizations or hold leadership roles in governments, nongovernmental organizations, and international institutions like the United Nations and World Bank.

One inspiring story is that of Ntang Julius Meleng, a 2024 Rotary Peace Fellow at Makerere University in Uganda. Through his Social Change Initiative, Julius has worked to empower young people in Cameroon to take active roles in peacebuilding and leadership.

His project provided training in conflict prevention, civic engagement, and leadership to youths and community officials in areas affected by conflict, equipping people to drive sustainable peace efforts.

Julius harnessed Rotary's global network to overcome obstacles, including limited funding and security risks, and make a meaningful impact.

The Rotary Peace Fellowship gave Julius the tools and support to turn his vision into reality. His work embodies The Magic of Rotary — the transformative power of connecting people, sharing resources, and uniting for a common purpose.

As we reflect on the achievements of our peace fellows and celebrate Rotary's enduring commitment to peace, let us also recognize the role that everyone in our network of 1.2 million members plays in creating magic through service.

Together, we can amplify our impact, inspire new generations of leaders, and build a brighter, more peaceful future.

### **Project National Integration (PNI) – A Vision for Peace and Development**

As you may be aware, the Kashmir Valley for a long time was infested with insurgency. Thanks to the untiring efforts of our Indian Army, who have defeated the insurgents and brought peace to the valley, we are now able to see our borders safe and witness unstinted growth in the economy.

The Kashmir valley, known for its breathtaking beauty, is also one of the most challenging and economically underdeveloped regions in India. With its harsh terrain and extreme weather conditions, the region remains isolated for nearly 7-8 months each year due to heavy snowfall. To bridge this gap and integrate the local population into the national mainstream, the Indian Army has undertaken several nation-building efforts. These efforts focus on promoting peace, goodwill, and economic development, providing educational and medical support, creating job opportunities, and improving sports infrastructure for young adults.

Recognizing the need for long-term development in the region, the Indian Army invited Rotary District 3141 to join hands in this noble initiative. Thus, Project National Integration (PNI) was launched to foster peace through economic development. The Rotary Club of Bombay Powai was privileged to be the first club to support this initiative and lay the foundation for a larger movement.

### **The First Step: Mobile Ambulances (2022)**

During my tenure as President of the Rotary Club of Bombay Powai in 2022, we kickstarted the District PNI initiative by donating mobile ambulances for the villages along the Line of Control (LOC). While the Indian Army had established a hospital for local villagers, the lack of transportation facilities made it nearly impossible for the sick and injured to reach medical aid, especially during the winter months when the roads remain blocked by snow.

## RI SPECIAL OBSERVANCE THEME—Peace Building and Conflict Prevention Month By Rtn Amit Sheth

The donation of these ambulances was a game-changer. It provided a lifeline to the villagers, ensuring that medical assistance was within reach despite the challenging terrain. The ambulances, placed under the supervision of the Village Sarpanch, continue to serve hundreds of residents, saving lives and reinforcing trust between the locals and national forces. Our initiative gave momentum to Project National Integration, encouraging more clubs from Rotary District 3141 to join and contribute to this transformational mission.

### Expanding Our Efforts: Education for Underprivileged Students (2024)

Education is the foundation for change, and as Malala Yousafzai once said, "With guns, you can kill terrorists, but with education, you can kill terrorism." Recognizing the importance of quality education in building a progressive society, our club took a significant step in 2024 by sponsoring the school fees for 50 students for a period of three years.

### Army, Rotary District 3141 Mumbai donate 2 motorcycle ambulances to Machil people

#### Top News Report

KUPWARA, Jul 28: On the occasion of Kargil Vijay Diwas, Army in collaboration with Rotary District 3141 Mumbai on Thursday donated two motorcycle ambulances to people of border area Machil in north Kashmir's Kupwara district with an aim to provide better health care facilities to the inhabitants.

Locals of the area told Greater Kashmir that several villages in Machil are located on tough terrains without motorable road connectivity and at a time of

any medical emergency, people are forced to shoulder patients to reach the nearest health centre.

They said that the ambulance at Primary Health Centre (PHC) Dudhi can't go to such areas to ferry patients as such "We brought this issue into the notice of local Army unit (56 RR) and today they came up with the solution," a local told Greater Kashmir.

A senior army official said that in view of the hardships being faced by the locals, army in collaboration with Rotary District

3141 Mumbai took the initiative and donated two motorcycle ambulances for the wellbeing of people. He said that each ambulance costs more than 2.5 lakh.

"This concept is a unique one and has been introduced for the first time in Kashmir valley," he added.

Sarpanch Machil Habibullah told Greater Kashmir that two locals have also been recruited by army to drive these ambulances. "They will be getting a salary of Rs 18000 per month," he added.

Locals of the area have highly hailed the efforts of Army and Rotary District 3141 Mumbai for this humanitarian gesture.

Pertinently army had also donated a four wheeler ambulance worth lacs few years ago to the people of Machil.

## RI SPECIAL OBSERVANCE THEME–Peace Building and Conflict Prevention Month By Rtn Amit Sheth

The Indian Army has established 27 Army Goodwill Schools and several government schools along the LOC to provide quality education to local children. While these schools operate at a highly subsidized fee of just Rs. 500 per month, many families are still unable to afford even this minimal amount. As a result, children from economically weaker sections are forced to study in alternate religious schools, keeping them away from mainstream education.

By sponsoring these students, our club is actively supporting the Army's vision of ensuring that these children receive proper schooling, preparing them for a brighter future and a more integrated society. Additionally, this initiative has led to an increase in enrollment in these schools and has successfully brought many students from alternate religious institutions into mainstream education, fostering national unity and broader career opportunities for the youth.

### Empowering Women: Midwifery Training for Kashmiri Girls (2024)

One of the most pressing healthcare challenges in Kashmir is the lack of trained medical professionals, especially for maternal healthcare. Due to severe winter conditions and the absence of proper medical facilities, many pregnant women must be airlifted to Srinagar or other regional hospitals for childbirth. Unfortunately, this is not always possible, leading to 100-150 pregnancy-related deaths annually.

To address this crisis, Rotary District 3141 initiated a midwifery training program in 2024, and our club took the lead by sponsoring the training of 25 young women from Kashmir in Mumbai. These women were enrolled in a three-month residential course on Obstetric and Social Health Nursing and General Anatomy at Sai Dhanwantari Nursing Institute and Astha Hospital, Manor, affiliated with the Maharashtra Self Employment Training Board. The training included a minimum of 25 live deliveries per student, ensuring hands-on experience.

The training program covered course fees, travel, lodging, boarding, and necessary medical tools. The students have returned to Kashmir and some of them are serving in different regions, ensuring continuous maternal care within their communities and significantly reducing pregnancy-related fatalities.

## कश्मीर घाटी से आई 25 लड़कियां, 3 महीने तक लेगी नर्सिंग की ट्रेनिंग

Navin.Pandey@Timesgroup.Com

■ **मुंबई :** भारत-पाकिस्तान बॉर्डर पर कश्मीर घाटी से 25 लड़कियां नर्सिंग और मिडवाइफरी कोर्स की ट्रेनिंग लेने आई हैं। इन्हें तीन महीने तक सुरक्षित डिलिवरी और उसके बाद जच्चा-बच्चा की देखभाल की विशेष ट्रेनिंग दी जाएगी। इसके बाद यह लड़कियां कश्मीर घाटी वापस जाएंगी और अपने गांवों में जरूरत पड़ते ही सुरक्षित डिलिवरी कराकर जच्चा बच्चा का देखभाल कर सकेंगी।

रोटरी क्लब मुंबई के प्रोजेक्ट कन्वेनर राजन दुआ ने बताया कि डेढ़ साल पहले भारतीय सेना के एक अधिकारी प्रणय पवार मुंबई आए थे। उस दौरान उन्होंने पाकिस्तान बॉर्डर पर स्थित गांवों में नागरिकों को होने वाली समस्याओं के बारे में बताया था। इसमें भारत-पाक सीमा पर स्थित कश्मीर घाटी के गांवों की गर्भवती महिलाओं का मुद्दा भी था। कश्मीर घाटी में इन गांवों में साल के 5 से 6 महीने बर्फ पड़े रहते हैं। ऐसे में, प्रसव पीड़ा के समय महिलाओं को डॉक्टरों के पास ले जाने में बहुत कठिनाई होती है। बर्फ की वजह से गांवों में डॉक्टर भी नहीं आ पाते हैं। इससे कई बार महिला या नवजात की मौत भी हो जाती है।

सैन्य अधिकारी की बातें सुन वहां मौजूद लोग अचंभित हो गए थे। इसके बाद

■ रोटरी क्लब ने दिकर्तें दूर करने के लिए स्किलिंग का दिया भरोसा।  
■ बॉर्डर के गांवों में डिलिवरी के वक्त बर्फ में नहीं पहुंच पाते डॉक्टर

### वेबलिंग से भी जोड़ा जाएगा

प्रोजेक्ट कन्वेनर राजन दुआ के अनुसार उक्त कश्मीरी लड़कियों को तीन-तीन महीने की ट्रेनिंग दी जाएगी। हर लड़की की ट्रेनिंग पर करीब एक लाख रुपये खर्च होंगे। इन्हें डिलिवरी किट भी दी जाएगी। इन लड़कियों को मुंबई के डॉक्टरों से वेबलिंग के जरिए जोड़ा भी जाएगा, ताकि भविष्य में दिकर्त आने पर एक्सपर्ट डॉक्टरों से परामर्श ले सकें।

रोटरी क्लब, मुंबई के गवर्नर अरुण भागव और अडवाइजर डॉ. राजेंद्र अग्रवाल के नेतृत्व में एक टीम मार्च में कश्मीर घाटी गई। वहां के सरपंच और ग्रामीणों से बातचीत में एक सुझाव आया कि इन गांवों की लड़कियों को नर्सिंग और मिडवाइफरी ट्रेनिंग दी जाए, तो वे अपने गांवों में लौटकर सुरक्षित डिलिवरी करा सकेंगी। इसके बाद रोटरी क्लब ने सीमावर्ती कश्मीर घाटी की 100 लड़कियों को ट्रेनिंग देने का फैसला किया। पहले चरण में सामाजिक कार्यकर्ता अविद्या के नेतृत्व 25 लड़कियां आई हैं। तीन-तीन महीने के अंतराल में 25-25 लड़कियों को ट्रेनिंग दी जाएगी।

### **A Movement for Lasting Change**

The Rotary Club of Bombay Powai takes immense pride in being a pioneer of Project National Integration. What began with the donation of ambulances in 2022 has now evolved into a district-wide mission, encompassing multiple projects in healthcare, education, and vocational training. More clubs from Rotary District 3141 have joined the movement, each contributing towards the shared vision of fostering peace through sustainable development.

We remain committed to expanding our support and invite individuals, corporates, and organizations to participate in this life-changing initiative. The success of PNI demonstrates that small efforts, when combined, lead to monumental change, and we are honored to work alongside the Indian Army in this mission of national integration and community upliftment.

### **A Heartfelt Thank You**

This mission would not have been possible without the unwavering support of our CSR partners, Antiliya Scientific and Electronic Payment & Services (P) Ltd, as well as several dedicated members of our club. Their contributions have played a vital role in ensuring the success of these initiatives and making a meaningful impact on the lives of people in Kashmir. We extend our deepest gratitude to all those who have supported and continue to support Project National Integration.

Together, we can build a Kashmir that is not just beautiful in its landscapes but also in the opportunities it provides to its people.

FROM OUR CSR PARTNER – Electronic Payment and Services Pvt Ltd– Project National Integration

## **Empowering Kashmiri Women: A Beacon of Hope and Unity**

On March 8, 2024, 25 young women from Kashmir accomplished something extraordinary. They completed a nursing and midwifery training program that opened doors to brighter futures. Led by Electronic Payment and Services (EPS), the Rotary Club of Bombay Powai, and the Indian Army, this initiative brought vital healthcare skills to regions in desperate need.

The program wasn't just about medical training. It was about resilience, leadership, and the will to make a difference. Mentors stood by the young ladies, guiding them through every challenge. During training, as they stepped into communities, they connected deeply with the people they were serving and sought to understand their struggles and hopes.

## FROM OUR CSR PARTNER – Electronic Payment and Services Pvt Ltd– Project National Integration

The impact is life-changing. These ladies will save lives, protect mothers, and nurture infants in the most remote corners of Kashmir. Hopefully, they will become symbols of strength, breaking barriers and defying expectations. Their success will inspire others to dream bigger and aim higher.

But the story goes beyond healthcare. It's about unity, about communities coming together with purpose and compassion. This initiative shows that when people unite for a cause, real change happens. And this is only the beginning.

### SANSKRITI- My Mahakumbh 2025 Experience By Atul Pathak

Pathaks (IPP Dr Kamalini, Atul & Ishu), alongwith our friends Shyamala Praveen, Sudhir & Geeta Rao were privileged and lucky to do a whirlwind pilgrimage tour of the three Holy places in, believe-it-or-not, just 2-1/2 days!! Departing on Day-0 by an evening flight, we reached the Holy city of Kashi, or Benaras or Varanasi, as it is called. We reached our hotel by 9pm, dumped our luggage, and immediately left for the KASHI-VISHWANATH temple, as advised by our local guide. Leaving our vehicle at some point, we walked for a km on foot, through a short-cut of narrow cobbled-path lanes, coming out on main road. The rush at 10pm was like it was probably 6pm. Fortunately, we got an excellent Divine Darshan of Lord Vishwanath in less than an hour, at ~11pm. They normally close darshan by evening, but because of the MahaKumbh rush, they extended the time upto 1am. Har Har Mahadev!

Next morning, after breakfast we proceeded to Sarnath, a place of great historical significance. We visited the monastery where Gautam Buddha gave his first discourse on Buddhism, after he attained enlightenment. This place also has the historical Ashoka Chakra and the four lions on a pillar. In the evening, we had the divine pleasure of witnessing Ganga-aarti at Dashashwamedh ghat. Thanks to our guide, the ladies reached the ghat well before time (after their shopping) and got choice seat, closest to the Deity. We reached bit late, and because of the over-whelming crowd, we could not reach them, though we were just ~10m away... you had to see the rush to believe what I say. Kamalini lit the aarti-ki-baati and performed puja at the main Deity. The aarti was performed by 7 priests in unison - the entire atmosphere was pure bliss. Har Har Gange!

### SANSKRITI- My Mahakumbh 2025 Experience By Atul Pathak

We were to leave next morning at 4am, but our car got delayed; we could leave at 5am. We entered Prayagraj ~7ish. Our driver said the jam is so huge that we will not be able to reach the Triveni sangam even by night. He told us we should take a different route, through the Sadhus' Akhadas - we agreed. But whichever road he took (he was knowledgeable), there were police barricades, and it was purely your luck to negotiate them. We finally reached some point beyond which it was not possible to go - the Administration had smartly dug trenches all over the place where they wanted to stop vehicle movement. T

he hundreds of cars parked there were proof enough that we need to desert our car. We got down, took bare essentials in handbag, crossed the trench, walked for a km or so and got an auto after a long wait. The entire eco-system is awesome.. public toilets within walking distance, autorickshaws and bikes constantly plying, dusty and muddy roads entirely covered by steel sheets to permit easy vehicle movements of all kinds, police personnel everywhere guiding people.. full support in spic proportion. Everywhere, there were multitude of people of all ages and demography, including many foreigners; some pulling their stroll bags on dusty roads (looked funny). It was mind-boggling to see that the mela still working like a well-oiled machine.

## SANSKRITI- My Mahakumbh 2025 Experience By Atul Pathak

After a 20min ride, he dropped us near Sangam. We walked towards the ghats, for 1-2 kms. Our attempts to cross the pontoon bridge was unsuccessful.. the crowd on the other side was so huge, they had stopped people from going; they were only allowing people to come back, because the other side was over-full.

We managed to find one ghat closeby, where we took our Holy Dip. The experience was divine.. chants of 'Har Har Gange' everywhere. Then we retraced our steps back, managed to find an auto and returned to our parked car, past noon. Reaching the Sangam, taking dip and returning, all within 5-6 hours, was truly a miracle.

## SANSKRITI- My Mahakumbh 2025 Experience By Atul Pathak

We then proceeded further, and got stuck at the outskirts of Ayodhya, as news came that entry has been barricaded due to huge rush. We continued our journey when the jam got cleared, reaching Ayodhya by 11pm. Exhausted from our very long drive, we just crashed. During the day, we got a nasty news that our flight of 04:30pm of next day was advanced to 11:30am, leaving us hardly had any time in the morning. Unfortunately, we woke up early again and left at 5am for the Ram Janambhumi Temple.

Again, we had to leave the car at some barricade point and hitch ride in auto rickshaw, which dropped us 1/2km short of the temple, just before sunrise. The rush at that time was again so huge that we had to catch one another not to get lost. We saved some time of depositing our mobiles as we had left them in the car, so unfortunately, we got no pics. The process of darshan of Ramlala was similar.. huge rush, crawling progress, and finally a glimpse of the Deity before you are pushed out. We were out by 07:30am. Airport was close by. We had a nice breakfast at the local dhaba on the airport road itself and checked in, well in time. Jai Shri Ram!

## SANSKRITI- Art, Culture, Heritage- Recipes for Yatra By Dipti Shah

The foods you carry on a journey should be lightweight, travel-friendly, have a long shelf life and provide the right mix of energy and nutrition. Many Gujarati snacks are dry, making them perfect for long journeys like pilgrimages.

**Thepla** —A spiced flatbread made with fenugreek leaves and wheat flour, stays fresh for days and is the most popular travel food.

Sharing below Gujarati Thepla recipe:

### **Ingredients:**

2 cups whole wheat flour  
 $\frac{1}{2}$  cup finely chopped methi or dried kasuri methi  
 $\frac{1}{2}$  tsp turmeric powder  
 $\frac{1}{2}$  tsp red chili powder  
 $\frac{1}{2}$  tsp cumin powder  
 $\frac{1}{2}$  tsp coriander powder

1 tbsp sesame seeds  
 $\frac{1}{2}$  tsp ajwain seeds  
1tbsp oil for the dough  
Salt to taste  
Water as needed  
Oil (for cooking)

### **Instructions:**

#### **Prepare Dough:**

In a mixing bowl, combine wheat flour, methi leaves, and all the spices.

Add 1 tbsp oil, then mix well.

Gradually add water and knead into a soft, smooth dough. Cover and let it rest for 15-20 minutes.

#### **Rolling Thepla:**

Divide the dough into small balls.

Roll each ball into a thin, round flatbread (like a roti)

## SANSKRITI- Art, Culture, Heritage- Recipes for Yatra By Dipti Shah

### **Cooking Thepla:**

Heat a tawa or pan over medium flame.

Place the rolled thepla on the hot tawa and cook for 30-40 seconds.

Flip again and cook until golden brown.

Spots appear on both sides.

### **Serve:**

Enjoy with pickle, curd, or chundo (sweet mango pickle)

### **Storage Tip:**

Thepla stays fresh for 2-3 days at room temperature, making it a great travel food. For longer shelf life, store in an airtight container or vacuum pack.

Another favourite is the energy rich food- **Sukhdi (Gor Papdi)**

Here's a traditional Gujarati **Sukhdi recipe**, a delicious and healthy sweet made from wheat flour, jaggery, and ghee.

### **Ingredients**

1 cup wheat flour  
 $\frac{1}{2}$  cup ghee  
 $\frac{1}{2}$  cup jaggery  
(grated or chopped)  
1 teaspoon  
cardamom powder  
(optional)  
2 tablespoons  
chopped almonds

## SANSKRITI- Art, Culture, Heritage- Recipes for Yatra By Díptí Shah

### **Instructions:**

**Heat Ghee:** In a heavy-bottomed pan, heat the ghee on low flame.

**Roast Wheat Flour:** Add the wheat flour and roast it on low heat, stirring continuously, until it turns golden brown and releases a nutty aroma. This takes about 8-10 minutes.

**Add Jaggery:** Turn off the flame and add grated jaggery. Mix well until it melts completely with the heat of the flour.

**Flavoring:** Add cardamom powder and mix well. You can also add chopped almonds for extra crunch.

**Set and Cut:** Transfer the mixture to a greased plate or tray. Flatten it with a Spatula and let it cool slightly.

**Cut into Pieces:** While still warm, cut into diamond or square shapes. Let it cool completely before serving.

## SUSH'S SURPRISE- Ode to my Valentine Contest

Dear Friends, we asked you to send in your messages to your Valentines and here are the best!

### **Harish Iyer**

Valentine's Day—the one day when the world suddenly becomes a Bollywood movie. Roses in the air, heart-shaped chocolates, and restaurants packed with couples who pretend to be romantic while checking their phones. But let's face it—no matter how old we are, love is that one exam in life where we all try to pass... sometimes with flying colors, sometimes with last-minute copying! Now, back in the day, we didn't have dating apps, WhatsApp forwards, or Instagram-worthy proposals. No, sir! We had to do things the old-fashioned way—like writing love letters (in our best cursive) and hoping our younger siblings wouldn't read them aloud at dinner. Or, if we were feeling bold, we'd casually drop hints by dedicating a song on the radio—only to realize our crush had already switched to another station! But let me tell you about a legendary proposal that remains undefeated. It was 1975. Bellbottoms were in, sideburns were longer than a cricket match, and romance was all about meaningful glances exchanged across the street while pretending to buy vegetables. Enter our hero—let's call him Mr. Majnu—a man with more confidence than common sense. He decided that the best way to propose was not through poetry, not through music, but through **\*\*public embarrassment\*\***. So, on a fateful Valentine's Day, he marched straight to his beloved's house, rang the doorbell, and prepared to deliver the most heartfelt speech of his life. But fate had other plans. Just as she opened the door, her entire joint family—grandparents, uncles, aunts, cousins, and even the neighbor's dog—stepped out for an evening stroll. Flustered but determined, he cleared his throat. **\*\*"My dear..."\*\*** he began, channeling his inner Shakespeare. **\*\*"I have waited 25 years, 3 months, 14 days, and 7 hours to tell you this... Will you be the butter to my paratha? The sugar to my chai? The signal to my Mumbai traffic jam?"\*\*** The family stood in stunned silence. The girl's father, a retired army officer, stared him down like a commander inspecting his troops. The mother was clutching her prayer beads. The neighbor's dog wagged his tail approvingly. But the girl? She laughed. And then she whispered, **\*\*"Only if you promise never to count hours again!"\*\*** And just like that, history was made.

## SUSH'S SURPRISE- Ode to My Valentine Contest

### WINNERS!!

Here's a poem for Vanu:  
and laughter shared,  
tears, you've always been there. Your generous heart, a  
treasure to see, A gentle soul, humble, simple, and  
carefree. Your love for me, a constant guiding light, A  
shelter from life's storms, a warm and peaceful night.  
You cherish me, support me, and make me whole, Forever  
with you, my love, is my heart's goal. On this Valentine's  
Day, I want you to know, I love you for everything you  
are, and all you show. Your kindness, compassion,  
and loving ways, Make every day with you, a gift,  
a treasure to praise. Forever and  
always, my love will shine, For you,  
my Vanu, my heart's  
valentine."

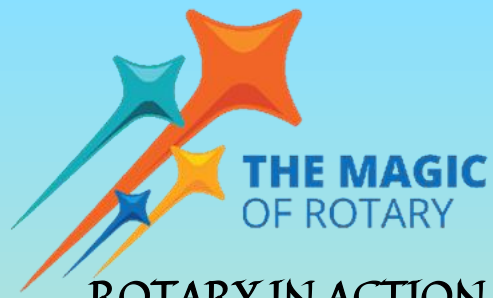

- LATHA

"Fifty-five years of love  
Through life's joys and  
Your generous heart, a  
treasure to see, A gentle soul, humble, simple, and  
carefree. Your love for me, a constant guiding light, A  
shelter from life's storms, a warm and peaceful night.  
You cherish me, support me, and make me whole, Forever  
with you, my love, is my heart's goal. On this Valentine's  
Day, I want you to know, I love you for everything you  
are, and all you show. Your kindness, compassion,  
and loving ways, Make every day with you, a gift,  
a treasure to praise. Forever and  
always, my love will shine, For you,  
my Vanu, my heart's  
valentine."

"Latha, my love, m heart's desire, Five decades of marriage,  
and still on fire! Our love at first sight, a spark so bright,  
Five years of courtship, and a lifetime in sight. You're 70  
today, and still so divine, A Valentine's baby, with a heart so  
fine. I'm the luckiest man, to have you by my side, Through  
life's joys and challenges, you've been my guide. We've  
shared so many laughs, and wiped away some tears, Through  
thick and thin, our love has calmed all fears. You're the  
sunshine in my life, the stars hat light the night, Forever  
with you, my love, is my heart's delight. So, here's to you,  
my darling, on your special day, May it be  
filled with love, laughter, and every happiness  
in every way. "I promise to cherish, support,  
and adore you, For many more  
years to come, my love,  
forever true."

## ROTARY IN ACTION- Project of planting 8000 Mogra saplings - 8<sup>th</sup> Jan, 2025

This mega task could be achieved with the CSR Support of Bahar Infocom who has provided us with CSR Funds for Cash Crop plantation and our Implementation Partner Global Vikas Trust (GVT) founded by Mr. Mayank Gandhi. IPP Dr. Kamalini Pathak brought us this CSR Partner and also spear heading this project. Since the fields are spread wide over Palghar, our team split to complete planting 100 Mogra Saplings.

All the farmers were very happy and are looking forward to cultivate the saplings in the coming 6 - 8 months, after which it will produce fragrant Mogras (Jasmine). GVT helps the farmers with best of saplings at very low cost, they train them on various fronts and then also help them in selling their produce. It was heartening to see young members of the Global Vikas Trust who have a degree in Agriculture farming and are proud to be in this field.
