

President Writes

Welcome to the Incredible Rotary Year 23-24 !! . . . Let's gear up for a wonderful year of Projects and Fellowships. The R I theme this year is to Create 'Hope' in the world. This year, we're prioritizing projects to support mental health. Rotary was founded in the year 1905. Its role in the lives of members and community is constantly evolving. Rotary is and always will be the organisation Paul Harris envisioned, a place where people from every corner of the earth come together to become something greater than themselves.

Yet rotary today offers something of singular and enduring value: the chance to be part of global network of people who have the talent & the drive to change the world.

I would like to make mention of a famous quote by Winston Churchill who said "We make a living by what we get, but we make a life by what we give".

I would like to thank you for selecting me to lead our club as a President for the Incredible Rotary year. I am indeed honoured to be given the opportunity to serve in this capacity and you have my sincere

assurance that I will be dedicated & responsible to the cause of Rotary in this role.

I am sure that while leading the club this year, I will be able to disseminate Rotary values to the society as a whole and create our enduring footprints, which will help us to get more Rotarians, not only in terms of membership but the true value of the Rotary they hold in their Hearts, 'Service above self' !!

With Warm Rotary Regards
Rtn Dr. Rakhi Dhotre
