# ROTARY CLUB OF SALEM GUGAI

## DISTRICT LITERACY CHAIR'S MESSAGE

Dear Rotarians,

It gives me immense joy to share my thoughts with you through this newsletter. I would like to congratulate the team lead by Rtn.Gayathri Loganathan. Kudos to the team. Literacy has always been the cornerstone of progress and empowerment. As Rotarians, we are privileged to hold the torch of knowledge and to pass it on to those who are still waiting for its light. When I think about the power of literacy, it reminds me a small story. A few months ago, I met a woman in a nearby village who had just learned to write her own name. The joy in her eyes was something unforgettable. For her, it was not just about letters on a page – it was about dignity, confidence, and the ability to stand tall in front of her children. This is the magic that literacy creates. It changes lives silently, yet profoundly. As Rotarians, we have the opportunity to create thousands of such stories. Every book donated, every class conducted, all the teacher recognized for Nation Builder Award, every teacher supported, brings us closer to building a literate and empowered community. Every small effort we make adds up to a brighter tomorrow. Together, let us work towards the dream of “**Total Literacy, Quality Education**”, and leave behind a legacy of knowledge that will outlast all of us.

With Rotary regards,

Rtn.MPHF.Ayyapparaj M

District Literacy Committee Chairman

Rotary International District 2982

“Literacy is a bridge from misery to hope.” – Kofi Annan

## The GREEN FUEL

Long ago, farmers used bird droppings called guano to fertilize their crops. It was rich in nitrogen and helped plants grow, but it was hard to find and couldn't meet the growing demand for food. Then came a German scientist named **Fritz Haber**, who changed everything. He discovered a way to make ammonia by combining nitrogen from the air with hydrogen gas. This process, known as the Haber-Bosch method, allowed factories to produce ammonia in large amounts, helping agriculture flourish. But behind this success was hydrogen—an important gas that played a key role in making ammonia.

# ROTARY CLUB OF SALEM GUGAI

Today, hydrogen is not just used in fertilizers. It has become one of the most talked-about fuels in the world. Green hydrogen, or GH<sub>2</sub>, is made by splitting water using electricity from renewable sources like solar and wind. Unlike other types of hydrogen that come from coal or natural gas, GH<sub>2</sub> does not pollute the air. It is clean, safe, and powerful. People now see GH<sub>2</sub> as the fuel of the future, especially as the world tries to move away from fossil fuels.

Hydrogen is used in many industries. It helps make steel, powers vehicles, stores energy, and even supports space missions. Every year, the world produces around 230 million tonnes of hydrogen, but only a small part of it is green. That's changing fast. Countries are investing in GH<sub>2</sub> to reduce pollution and fight climate change. The demand for this gas is growing, and so is the excitement around it.

# ROTARY CLUB OF SALEM GUGAI

India has launched the National Green Hydrogen Mission (NGHM) to become a global hub for GH2. With a budget of ₹19,744 crore, the mission supports pilot projects, electrolyzer manufacturing, and research programs to boost GH2 production and usage. Big companies are stepping in with bold plans.

Adani is building one of the world's largest GH2 ecosystems. Reliance, led by Ambani, is investing in giga-scale electrolyzer factories and hydrogen fuel infrastructure. JSW is exploring GH2 for steelmaking, and Tata Group is working on clean energy projects that include hydrogen. In Tamil Nadu, ACME and Sembcorp are developing a major GH2 facility in Tuticorin, aiming to produce green ammonia for export. These efforts show how India is moving quickly from fossil fuels to clean hydrogen, with both startups and industrial giants leading the way.

Hydrogen is more than just a gas—it's a symbol of hope. As the world looks for cleaner ways to live and grow, GH2 stands out as a smart and sustainable choice. From fertilizers to fuels, hydrogen has always been important. Now, with green hydrogen, it's ready to lead us into a better tomorrow.

## ROTARY CLUB OF SALEM GUGAI

Ann.Priya Ravikumar

Hello everyone, I am Mrs.Priya RaviKumar.

I am very happy to share my hobbies with you all through this news letter. Initially when our President Gayathri asked us to share such things, I just shared it without any bigger idea. But the concern she showed and the response and importance she gave for my work was really heart warming .I really congratulate and appreciate her for her efforts.

### STAMP COLLECTION - PHILATELY

The biggest reason behind my stamp collection hobby is my daughter Ridhina. When she was little kid I took her to the Post Office to open a savings account. There I saw her curiously looking at the post cards and letters. She asked me what are they and I explained how letters were used for communication before the digital era. I showed her the stamps used also. She was greatly surprised and happy to see all this. It was indeed a nostalgic moment that reminded of the days when we were waiting for post cards to see our exam results, but children nowadays a totally ignorant about all these.

To make my daughter know more about Postal department and how it works and give her the wonderful experience of seeing and touching and feeling the stamps, I started collecting stamps.

I collected most of these stamps from the nearby post office. Some I got from Chennai and some of the stamps I collected from my friends.

I feel really happy in sharing my stamp collection to you all. Please show it to your kids also. I am very sure that they will definitely enjoy it.

### ART & CRAFT

Apart from stamp collection I do Bottle painting and simple pencil drawings. I do this as a hobby during my free time. It gives great relaxation and happiness. Also gifting the things made by us to our loved ones is truly a blissful feel.

Hope you will all like my work.

Thanks & Regards  
Mrs.Priya Ravikumar

*Spouses in*  
FULL BLOOM

Hello everyone. I am Mrs. Thenmozhi Raju.

Happy to reach you all through this newsletter. I am a home maker. I enjoy doing art work.

Recently I attended the Resin Art workshop conducted by our club. It was very interesting and useful. It would definitely be a great hobby idea for many women who have free time. Trainer Thenmozhi explained everything in detail and cleared all our doubts. Thanks to President Gayathri for arranging this workshop.

I also enjoy making nice Rangoli. I have shared few of my work with you. Hope you will like it.

Thanks & Regards  
Mrs. Thenmozhi Raju

# RESIN ART WORKSHOP

Resin art is a newly emerging Art form which is very famous among younger generation and budding entrepreneurs. This art form is used to make numerous articles like Clock, Jewelry, souvenir preservations, Key chains, gift items etc.,

The Resin Art Workshop Jointly organized by RC SALEM GUGAI & MAYIL PORTRAITS was held on 7.09.2025 @ Gugai Rotary Mahal from 10.AM to 2.00 P.M.

The event was a huge success.. More than 20 People attended the workshop including 10 Physically challenged women from Shubam Charitable trust.

Trainer Mrs.Thenmozhi conducted the session in a very nice manner. She explained every little detail very clearly and cleared the doubts of the participants very patiently.

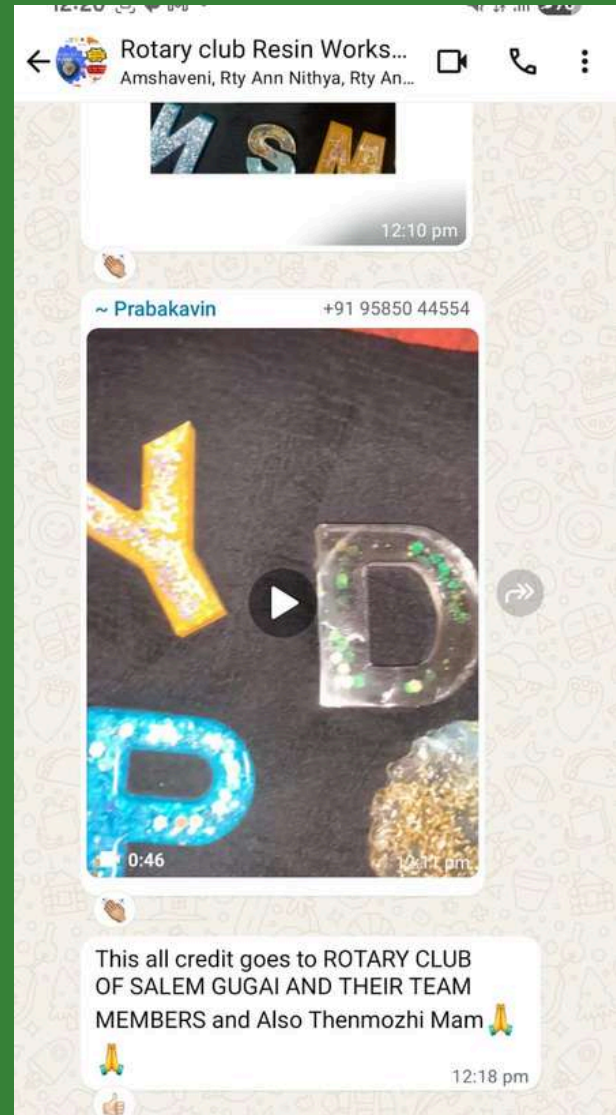

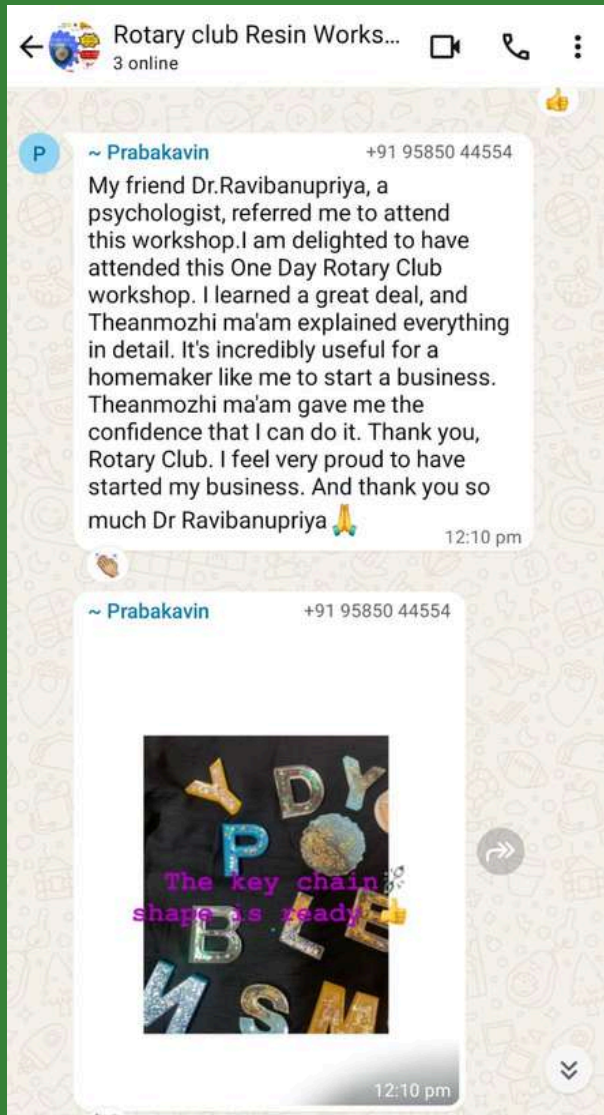

The main aim of this workshop was to encourage Women Entrepreneurs. Learning this new technique will help women & Physically challenged people to start a small business with minimum investment and can earn a decent income from the comfort of their home.

## ***ROTARY CLUB OF SALEM GUGAI***

Rotary always keeps inspiring the world!!!!

One beneficiary who attended the workshop has started her own small business and has started to get orders.

## INTERACT CLUB INSTALLATION

We take great pride in announcing that **THE INTERACT CLUB of THE INDIAN PUBLIC SCHOOL** Sponsored by **ROTARY CLUB OF SALEM GUGAI** had it's **CHARTER PRESENTATION CEREMONY & INSTALLATION of CHARTER PRESIDENT & office Bearers** On 10th September, 2025 @ 10.30 AM @ the School Auditorium.

District New Generation Chairman Rtn.Ranjana.D.Patel was the Chief Guest and District Interact Chairman Rtn.K.Mohanraj Was the GUEST of HONOUR.

CHARTER PRESIDENT **Ms.VISHRUTHA.V.S**, CHARTER SECRETARY **Ms.Sri Gowri Senthil** and CHARTER TREASURER **Master.L.Niranjan** took charge along with their Office Bearers.

The INTERACT CLUB had its glorious start with about **318 Interactors** installed on the day of Charter presentation. A record making event indeed. The event was a grand success with the support of Dr.Shivkumar Chinnusamy MD, **The Indian Public School School** Principal, Mrs. Aruna Maheswari, Vice-principal Mrs.Ligi Mol and the School Interact Co-ordinator Mrs.Athma Dharshana PDG.RTN.R.GOVINDARAJAN Club Advisor along with all the Club members of ROTARY CLUB OF SALEM GUGAI graced the wonderful occasion.

A Cherry on top moment it was when we came to know that, The school Principal ,Aruna mam is the daughter of our beloved PDG.Rtn.K.Loganathan.

The school management, Principal, Teachers and students showed immense respect and admiration towards ROTARY ORGANISATION, reflecting their high regard for our Rotary's values & missions. Their warm reception and enthusiasm underscore the strong potential for a fruitful partnership. We're delighted to see their eagerness to work alongside us, empowering their students with leadership qualities and a service attitude through the Interact Club. This partnership promises to be a transformative experience for the young minds, and we're honored to be a part of it.

The Interact Club Installation was proudly mentioned in the school's Weekly News Letter

### PRINCIPAL'S DESK

Rotary changes us and those we serve. I believe we can change the world one life at a time." - Paul Harris

This week, we witnessed yet another new beginning in our school, one that will bring greater opportunities and enrich the prospects of the younger generation.

It was through the initiative of Rtn. Mrs. Gayathri Loganathan, President of the Rotary Club of Gugai, that The Indian Public School, Salem has become part of this remarkable organisation, Rotary International, through the Interact Club. Her efforts have made this possible, and we are deeply thankful to her. We earnestly believe that the Interact Club will nurture our students into leaders of society, empowering them to pursue their dreams with purpose and responsibility.

The Future Pathways Team, Salem organised University Fair 2025, giving our students a valuable opportunity to meet university representatives and gain first-hand insights into higher education pathways.

Academics is our core focus and it continues with diligence. CBSE students are currently writing their Term 1 examinations, while Cambridge students are engaged in their Summative Assessments.

CBSE : Grades 6 to 8: Term 1 Exams , Grades 9 & 11: Cyclic Test 2 , Grades 10 & 12: Cyclic Test 5  
Cambridge : Grades 6 to 9: Summative Assessment 1 , Grade 10, AS & A Level: Revision Exams

On the professional front, we were honoured to host Ms. Syeda Humaera Riyaz , PYP Coordinator@ TIPS International, Erode | IBEN Evaluation leader | IBEN workshop leader | IBEN Programme leader | Authorization Consultant | Authorization-School visit team leader | Authorization Team member | Advisory Board Member who conducted a mock session with our Primary facilitators . This timely initiative has made our Facilitators more confident for the upcoming IB Evaluation on September 17, 18 & 19.

Together, these events highlight the spirit of learning, growth, and collaboration that drives us forward.

**MS. ARUNA MAHESWARI**

Principal  
The Indian Public School , Salem

## NEW MEMBER INTERACTION

Followed by the New member orientation seminar, we had an interaction session with our new members. Our new members actively participated in the seminar and shared a lot of insightful views that they gathered from the seminar.

They happily expressed how do they feel being a part of the prestigious Rotary Organisation. They were really overwhelmed to know the glorious history of Rotary and were very impressed by the friendship and fellowship shared by the fellow members.

## IMPRESSIONS ON INTERACT INSTALLATION

Our Club members shared their views about the Interact Installation Ceremony. The event was a very well planned and very well executed one. All the members were very proud and happy about the event and appreciated it whole heartedly.

## SPEAKER MEETING

Our recent speaker meeting was a resounding success, thanks to the engaging and informative session led by none other than our very own Rotarian, Vignesh Ravichandran! He took us on a fascinating journey through the evolving landscape of weddings and corporate events, sharing valuable insights into current and previous trends.

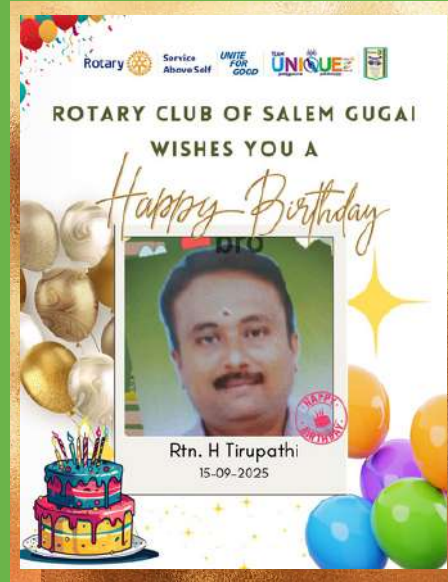

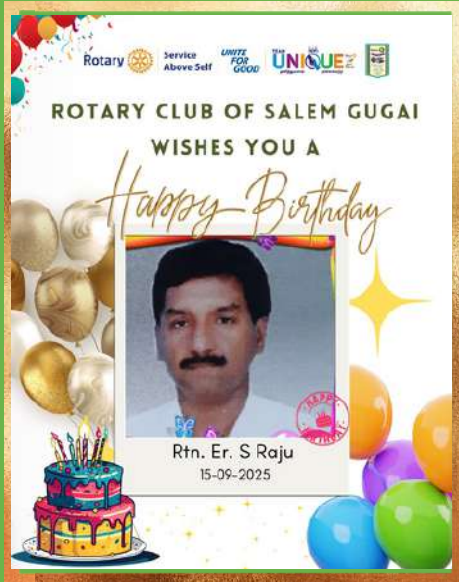

With a captivating presentation, Vignesh effortlessly broke down complex concepts, making them crystal-clear for everyone in attendance. His expertise and passion shone through, leaving us all enriched and inspired.

Kudos to Vignesh for an outstanding session, and gratitude to all members who participated, making it a memorable meeting!
