PRESIDENT
RAJUL DOSHI

Happy New Year

Wishing all a happy, healthy, and blessed new year to all

With support from all our members, I am looking forward to executing meaningful social projects as Rotary is in the business of serving humanity! Let us create hope!!

This charter night marks a significant milestone for our club as we complete 70 years of service. This is not just a special occasion but a testament to our enduring commitment to serving humanity. To celebrate this momentous occasion, we are planning a super musical extravaganza, a night of entertainment by our own members for our own members!

We would continue doing our usual projects. However, to make this special super year, our 70th year memorable, my Board and I would like to create a super legacy of a long-term project, a project full of humanity and compassion, a project of Cancer Diagnostic Centre in association with the prestigious and most respected name in Cancer treatment, Tata Memorial Hospital!! Since cancer treatment is very expensive, and so is the flow cytometry machine that we plan to give to Tata Memorial Hospital.

I personally request each member of our club to support this project financially.

We shall also be doing our regular Sanskruti Setu program in style. This program is designed to celebrate our rich cultural heritage and appreciate our classical dance and music. As we are in the beautiful season of Vasant Rutu, the performances will be themed around spring, bringing a sense of joy and renewal. Since it is in Vasant Rutu, we shall have music and dance based on Vasant/spring. A program of pure joy,!!

Together, let us enjoy Rotary!
