Support to Divyang November 3

RCDC continued its commitment to serving people with disabilities by organizing a series of dedicated welfare and support activities throughout the month. As part of this initiative, the club provided essential mobility equipment, prosthetic and orthopedic services, physiotherapy sessions, and nutritional support for TB patients under the Nikshay Mitra Programme. These efforts were undertaken to improve the quality of life, mobility, and overall well-being of individuals who are among the most vulnerable in the community.

A total of 61 Nikshay Mitra food packets were distributed to TB patients to help support their nutritional needs during recovery. Additionally, 32 beneficiaries received free prosthetic and orthopedic services, enabling them to regain mobility and independence. The club also provided mobility aids to 15 individuals, ensuring they had the necessary support for daily movement. Furthermore, 34 patients benefited from free physiotherapy sessions aimed at rehabilitation and pain management. To extend healthcare access even further, a free homeopathy check-up van was deployed across several residential areas and nearby slums, offering doorstep medical consultation to underserved populations. These combined initiatives reflect RCDC's holistic and compassionate approach to community welfare.

**Project RCDC Compassion & Hope –
Spreading Joy of Reading**

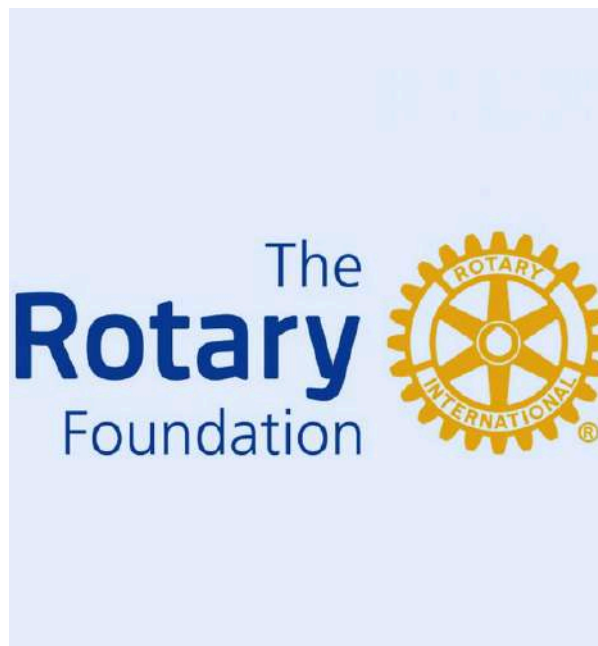

As part of the ongoing 'Compassion & Hope' initiative, RCDC undertook a heartwarming literacy-focused project aimed at fostering a love for books among young learners. Through the collective efforts of club members, over 2,500 books were thoughtfully donated to a number of schools across the community. These books covered a wide range of genres—including storybooks, educational materials, picture books, and motivational literature—ensuring that students of different age groups and interests found something meaningful and engaging.

To further enhance the reading environment, RCDC supported the creation and setup of Mini Classroom Libraries, transforming regular classrooms into vibrant learning corners. These mini libraries now serve as easily accessible reading spaces where children can explore new ideas, spark their imagination, and develop the habit of daily reading.

The initiative was warmly welcomed by teachers and students alike, who expressed appreciation for the enriched learning atmosphere and the renewed excitement around reading. By encouraging literacy and cognitive development at a foundational stage, the project aligns strongly with Rotary's commitment to education and youth empowerment. It stands as a testament to RCDC's dedication to spreading joy, knowledge, and lifelong learning in the community.

Eye Check-Up Camp at Tihar Jail

RCDC, in partnership with Indraprastha Sanjeevni NGO, organized a compassionate and impactful Eye Check-Up Camp for the inmates of Tihar Jail No. 1, reaffirming the club's dedication to serving marginalized and underserved communities. The camp aimed to address the critical eye-care needs of inmates who often have limited access to routine medical services.

A team of medical professionals and volunteers conducted comprehensive eye examinations, screening inmates for vision impairments, refractive errors, and other ocular conditions. Those identified with visual difficulties were provided free spectacles, enabling them to regain clearer vision and improved daily functioning. Additionally, eye drops were distributed to inmates requiring immediate relief or treatment for minor eye issues.

Recognizing the mobility challenges faced by elderly and differently-abled inmates, RCDC also facilitated the distribution of wheelchairs, ensuring enhanced comfort, independence, and dignity for senior individuals within the prison.

The initiative was met with heartfelt gratitude from the beneficiaries and the prison authorities, who acknowledged the positive impact of such healthcare interventions. This outreach not only reflects RCDC's strong humanitarian values but also highlights the club's ongoing efforts to bring hope, healing, and meaningful change to overlooked sections of society.

Appreciation from Tihar Jail Authorities

In recognition of its meaningful and sustained humanitarian efforts, RCDC was honoured with an Appreciation Certificate presented by the Superintendent of Central Jail No. 1, Tihar. This commendation acknowledges the club's invaluable contribution toward improving the health and welfare of inmates, particularly through its recent eye check-up camp and mobility support initiative.

The successful execution of these initiatives, carried out in close partnership with Indraprastha Sanjeevni NGO, highlights the club's ability to collaborate effectively with community organizations and government institutions to deliver high-impact service.

This recognition not only celebrates the efforts of the volunteers and medical teams involved but also reinforces RCDC's reputation as a club dedicated to meaningful, inclusive, and transformative community service.
