About Rotary

- Rotary International is one of the world's largest and most respected service organizations, uniting over 1.4 million leaders and professionals across more than 200 countries and geographical regions. Founded in 1905, Rotary brings together people from diverse backgrounds who share a common commitment to humanitarian service, ethical leadership, peacebuilding, and community development. Guided by its motto, "*Service Above Self*", Rotary empowers individuals to take collective action to address the most pressing challenges facing societies today.
- Rotary focuses its global efforts through seven key areas of focus: promoting peace, fighting disease, providing clean water and sanitation, supporting maternal and child health, improving education, growing local economies, and protecting the environment. Through thousands of clubs worldwide, Rotary develops sustainable projects, fosters fellowship, and builds partnerships with governments, NGOs, corporates, academic institutions, and international bodies.
- Rotary is also renowned for its successful public health initiative – **PolioPlus**, launched in 1985, which has played a pivotal role in reducing polio cases by 99.9% and bringing the world to the brink of complete eradication. Rotary exemplifies the power of service, leadership, and global citizenship.

About Rotary in India

- Rotary in India has a rich legacy of service, leadership, and nation-building that spans more than nine decades. With over 4,000 Rotary Clubs and more than 160,000 Rotarians, India represents one of the largest and most active Rotary communities globally. Rotary in India plays a critical role in healthcare, education, environment, skill development, and community welfare across rural and urban landscapes.
- Rotary India has led many groundbreaking initiatives including polio eradication, mega medical missions, blood donation drives, heart surgeries for children, water conservation programs, rural sanitation, and large-scale literacy initiatives. The Rotary India Literacy Mission (RILM) is one of the country's most impactful movements, aiming to achieve total literacy through teacher training, e-learning, adult literacy, and school adoption models.
- Rotary India has also built strong partnerships with central and state governments, corporates, CSR bodies, NGOs, and international agencies. From disaster relief to sustainable development projects, Rotary continues to touch millions of lives each year. Its influence is seen not only in community transformation but also in the leadership and fellowship that enrich the lives of its members.

Rotary Club of Delhi Garden City

- The Rotary Club of Delhi Garden City (RCDGC), chartered in 1989, is known for its strong legacy of sustainable projects, impactful community development, and high standards of fellowship. Founded under the leadership of Charter President **Late Sh. Man Mohan Bhagat**, the club embraced Rotary's values from day one and pioneered several "firsts" in the Rotary community. With a vision of "*Children Health and Education & Skilled Youth*", the club has spent over three decades creating meaningful change in the lives of underprivileged children, youth, and communities.
- RCDGC has a strong commitment to inclusivity and empowerment. The club inducted women members right in 1989, the moment Rotary permitted women's membership, and has since had multiple women Presidents. The club is widely respected for its long-term sustainable projects – ranging from early childhood education and WASH in schools to eye care, digital skills, adult literacy, and rehabilitation support for special children.
- The club is also known for its international goodwill initiatives and strong diplomatic connections. Over the years, several ambassadors and diplomats have engaged closely with the club, many serving as honorary members. Signature annual events such as the **Charity Ball**, **Goodwill Golf Invitational**, **Inter-School Debate**, and **Interact engagement programs** have become respected institutions in Delhi's social and service landscape.
- Over 36 years, RCDGC has built a reputation for service excellence, innovation, member fellowship, and impactful CSR partnerships – strengthening its place as one of the most vibrant Rotary clubs in India.

THE FOUR-WAY TEST

Of the things we think, say or do:

first

Is it the **TRUTH**?

second

Is it **FAIR** to all concerned?

third

Will it build **GOODWILL** and
BETTER FRIENDSHIPS?

fourth

Will it be **BENEFICIAL** to
all concerned?
