## From the President's Desk

### ***A Promising Beginning, A Purposeful Path Ahead***

The New Year has begun on an extremely positive and inspiring note for the Rotary Club of Borivli. It is heartening to see how our club stepped into the year with meaningful projects that truly addressed the need of the hour. What made this beginning even more wonderful was the enthusiastic participation of our members and their generous contributions. Your commitment of time, effort, and resources reflects the true spirit of Rotary — Service Above Self. I place on record my sincere appreciation to every member for their wholehearted support and magnanimity.

One of the most impactful humanitarian initiatives undertaken in January was the distribution of over 200 Sanjivani Rotary Medical Kits. Each kit comprised 17 essential medicines and basic medical tools, aimed at providing primary healthcare support to remote communities. These kits were distributed across rural padas of Shahpur, where access to medical facilities is extremely limited. In these villages, the nearest medical help is 3 to 4 kilometers away, reachable only on foot due to the absence of proper roads.

Reaching these villages itself was a humbling experience. Our members carried the medical kits on their shoulders and walked nearly one kilometer through difficult terrain to ensure timely delivery. Even the journey by vehicle was challenging, with cars navigating very narrow kaccha roads, where turning back was virtually impossible. While the satisfaction of serving these communities was immense, the reality of their living conditions was equally sobering. This project has strengthened our resolve to extend sustained support to these villages through several other need-based initiatives in the future.

Another highlight of the month was the execution of a highly innovative and impactful Public Relations project — Road Rage Awareness through a Treasure Hunt by Car. With more than 25 cars participating, the event successfully combined engagement with social responsibility. The initiative generated excellent public visibility while sensitizing citizens toward responsible and peaceful behaviour on the roads.

January also marked Vocational Service Month, one of Rotary's most significant avenues of service. In keeping with this spirit, our club proudly felicitated professionals from diverse fields who have rendered exemplary service to society through their vocation. On the auspicious occasion of Vasant Panchami, we conferred the Vocational Excellence Award upon 10 distinguished individuals, celebrating integrity, dedication, and excellence in professional life.

As we move into February — Peace and Conflict Prevention/Resolution Month, we are reminded that peace begins with understanding and grows through action. Rotary's role in peacebuilding goes beyond global initiatives; it starts within our communities. By promoting dialogue, ethical leadership, inclusiveness, and service-driven solutions, our club can act as a catalyst for harmony.

The Rotary Club of Borivli can contribute meaningfully by addressing root causes of conflict such as inequality, lack of access to basic needs, and social disconnect. Whether through community outreach, youth engagement, or sustained service projects, every effort we make brings us closer to a more compassionate and peaceful society.

Let us continue this journey with unity, empathy, and purpose. Together, we can transform challenges into opportunities for service and hope.

Yours in Rotary,

**Rtn. Ketal Tapiawala**

**President, Rotary Club of Borivli**

## *Peace building and Conflict Prevention in a troubled world*

As we step into 2026, the call for peace has never sounded louder. Across continents, the world is racked by wars, civil unrest, displacement, ideological polarisation, and humanitarian crises. From prolonged conflicts and sudden flashpoints to fractures within societies themselves, the absence of dialogue and empathy is exacting a heavy human cost. In such times, peace can no longer be viewed as an abstract ideal or the responsibility of governments alone. It must be actively cultivated—patiently, locally, and consistently—by institutions and individuals alike.

February in the Rotary calendar spotlights Peacebuilding and Conflict Prevention, reminding us that peace is not a slogan; it is a skillset, a system, and a sustained choice. Rotary's peace journey has evolved from its early emphasis on "goodwill and understanding" into a robust global architecture that trains peacebuilders, funds field-based solutions and seeds everyday harmony through community action.

A pivotal milestone in this journey was the creation of the Rotary Peace Centres through The Rotary Foundation. These centres develop professionals in conflict resolution, peace, and development. Rotary Peace Fellows—drawn from across the world—now form a powerful alumni network working in governments, civil society organisations, and multilateral institutions, influencing policy and practice where peace is most fragile.

For India, February 2026 carries special resonance. On 26 January 2026, Rotary inaugurated a new Peace Centre at Symbiosis International University, significantly expanding Rotary's peacebuilding footprint in South Asia. This centre will offer a postgraduate diploma in peace and development, nurturing the next generation of regional peace leaders.

Closer home, Rotary District 3141 has worked to bring the idea of peace into public consciousness. The installation of Peace Poles across the district—including Mumbai's first in July 2024—has placed the message "May Peace Prevail on Earth" in shared civic spaces where healing and reflection matter most.

At the grassroots, Rotary Club of Borivli has translated peace from philosophy into practice. In April 2025, our club participated in inaugurating a Peace Pole—creating a permanent reminder that peace begins with daily conduct, respectful dialogue, and a shared sense of community.

Equally important, conflict prevention often happens upstream—by reducing distress before it becomes dispute. Through sustained service to vulnerable families, students, and community institutions, our club quietly lowers the social temperature that fuels friction.

This February, let us reaffirm peace not as a month-long observance, but as our year-round operating system—to listen deeply, serve consistently, and build institutions of trust, one project, one partnership, and one public space at a time.

**K.V. Premraj**  
**Managing Editor**

# HIDDEN GEM

~ Padmashri Dr. Shubha Iyengar ~

Meet the hidden Gem who guides thousands of flights through fog every day by giving runways 'Drishti'

Delhi has been covered with fog lately, making visibility extremely low in the harsh winter conditions. Given that, have you ever wondered how do planes manage to make a safe landing even when the visibility is next to negligible?

Dr. Shubha V Iyengar, a veteran scientist from CSIR-NAL, won the Padma Shri in 2026 for creating Drishti, India's first indigenous runway visibility-measuring system. Installed at major airports since 2011, Drishti provides critical visibility data to pilots and controllers, strengthening aviation safety and reducing reliance on costly foreign instruments. Her decades-long work in developing an indigenous runway visibility-measuring system could play a key role in reducing such accidents in the future.

## A HOMEGROWN ANSWER TO A GLOBAL SAFETY NEED

For years, many airports in India relied on imported instruments to measure runway visibility — vital data that tells pilots how far ahead they can see during landings and take-offs.

This parameter, known as Runway Visual Range (RVR), is a key safety metric in aviation, especially in poor weather conditions.

Dr Shubha V Iyengar, led the development of Drishti, India's first indigenously designed runway visibility-measuring system.

It is a system built to calculate how far ahead a pilot can see, and it works in all kinds of tough weather, from dense fog to rain and dust storms.

## WHY DRISHTI MATTERS

At a basic level, Drishti helps pilots make informed decisions during critical landing and take-off phases. It measures the clarity of the air along the runway and provides real-time data on visibility.

Nearly all major airports need runway visibility data to assess whether conditions are safe for aircraft to land and take off, especially in fog, rain, or dust storms.

Visibility measurements can vary from as low as 25 metres to over 2,000 metres, and pilots use this information as a critical input during low-visibility approaches.

Drishti uses a transmissometer system that continuously

measures how much light travels between two points near the runway, giving a precise runway visual range (RVR). It operates in real time and communicates data back to air traffic control and meteorological officers.

Drishti is also designed for Indian conditions, and operates continuously, capturing low visibility changes that can occur rapidly at dawn or dusk, moments when accidents are more likely.

So pilots, airport meteorological officers, and air traffic controllers can use Drishti's data to know exact runway visibility, instead of just general weather forecasts, adjust landing decisions accordingly, and enhance safety margins in foggy or low-light conditions.

By reducing dependence on imported instruments, which are often costly, Drishti brought cost savings, easier maintenance, and technology tailored to Indian conditions.

## SAFETY IN FOCUS AFTER THE CRASH

Accidents involving low visibility during landing or approach underline the need for reliable runway data. Tools such as Drishti are part of the broader safety ecosystem, offering pilots better situational awareness during poor weather conditions.

Dr. Shubha V Iyengar's recognition with the Padma Shri, a prestigious civilian honour, reminds us that innovation isn't always flashy. It is often about tools that quietly make life safer and systems stronger — saving lives without fanfare.

# Building Bridges for Peace with Rotary

As we step into February, a month dedicated to Peacebuilding and Conflict Prevention, we embrace an opportunity to reflect on and contribute to one of Rotary's core areas of focus. In a world where conflicts arise in various forms, be it in communities, nations, or even within ourselves, the pursuit of peace remains a cornerstone of our Rotary mission.

Peace is not merely the absence of conflict but the presence of justice, equity, and harmony. Today, over many persons have been displaced as a result of conflict, violence, persecution, and human rights violations. Several of them are children. Rotary projects provide training that fosters understanding and provides communities with the skills to resolve conflicts. In Rotary, we believe that peace is a viable and essential goal, achievable through understanding, goodwill, and compassion. Our role as Rotarians is to be architects of peace, building bridges where walls once stood.

Rotary builds bridges for peace by acting as architects of community-driven, sustainable change, focusing on conflict prevention through education, dialogue, and humanitarian service. By leveraging a global network, Rotary supports local peace projects, funds Peace Fellowships, and fosters reconciliation to address the underlying causes of conflict.

## Rotary creates environments of peace

As a humanitarian organization, peace is a cornerstone of our mission. We believe that when people work together to further peace in their communities, the results are often positive.

By carrying out service projects and supporting peace fellowships and scholarships, our members take action to address the underlying causes of conflict, including poverty, discrimination, ethnic tension, lack of access to education, and unequal distribution of resources.

Our commitment to peacebuilding today answers new challenges: how we can make the greatest possible impact and how we can achieve our vision of lasting change. We are approaching the concept of peace with greater cohesion and inclusivity, broadening the scope of what we mean by peacebuilding, and finding more ways for people to get involved.

Rotary creates environments where peace can happen.

## Rotary's Four Roles in Promoting Peace

### Rotary and its members are:

- **Practitioners:** Fighting disease, providing clean water and sanitation, improving the health of mothers and children, supporting education, and growing local economies directly, build the optimal conditions for peaceful societies.
- **Educators:** Our Rotary Peace Centres have trained more than 1,800 peace fellows to become effective catalysts for peace through careers in Government, education, and international organizations.

- **Mediators:** Our members have negotiated humanitarian ceasefires in areas of conflict to allow polio vaccinators to reach children who are at risk.
- **Advocates:** Our members play an integral role as respected, impartial participants during peace processes and in post-conflict reconstruction. We focus on creating communities and convening groups that are connected, inclusive, and resilient.

Our actions contribute significantly to the larger picture of global peace and understanding. By engaging in these activities, we foster peace in our immediate environments and set an example for others to follow.

This February, let us commit to being proactive agents of peace. I encourage you to implement at least one of the suggested activities within your club or community. Let's harness our collective efforts to create environments where understanding thrives over misunderstanding and peace prevails over conflict. In Rotary, we have the unique opportunity to be ambassadors of peace. Let's embrace this role with enthusiasm and hope, knowing that our contributions are paving the way for a more harmonious world.

## Peace Fellowships

Each year, Rotary awards up to 130 fully funded fellowships for dedicated leaders from around the world to study at one of our peace centres.

Through academic training, practice, and global networking opportunities, the Rotary Peace Centres program develops the capacity of peace and development professionals to become effective catalysts for peace. The fellowships cover tuition and fees, room and board, round-trip transportation, and internship and field-study expenses.

Since the program began in 2002, the Rotary Peace Centres have trained more than 1,800 fellows who now work in over 140 countries. Many serve as leaders in Governments; NGOs; education and research institutions; peacekeeping and law enforcement agencies; and international organizations like the United Nations and the World Bank.

The Rotary Peace Fellowship is designed for leaders with work experience in peace and development. Our fellows are committed to community and international service and the pursuit of peace.

Each year, The Rotary Foundation awards up to 50 fellowships for master's degrees and up to 80 for certificate studies at premier universities.

### Rotary Peace Centres

Rotary Peace Centres are global hubs at leading universities that train and empower current and future peace leaders with master's degrees or professional certificates, focusing on conflict resolution, development, and peacebuilding through hands-on experience and academic study. These centres provide fully funded fellowships for professionals, equipping them to address conflict's root causes and promote lasting peace in their communities and globally, with locations in North America, Europe, Asia, Africa, and Australia.

### How They Work

- **Fellowships:** Rotary Foundation offers fully funded fellowships (Master's or Certificate) for experienced professionals or emerging leaders.
- **Curriculum:** Centres offer tailored programs in peace and development, conflict transformation, sustainable development, and more, with practical field study components.
- **Goal:** To develop leaders who act as catalysts for peace and work to prevent and resolve conflict.

### Locations of Current Centers

- **North America:** Duke University/University of North Carolina (USA).
- **Europe:** University of Bradford (UK), Uppsala University (Sweden).
- **Asia:** Chulalongkorn University (Thailand), International Christian University (Japan).
- **Africa:** Makerere University (Uganda).
- **Australia:** University of Queensland (Australia).
- **Middle East/North Africa:** Bahçeşehir University (Turkey) offers a Professional Development Certificate.

Rotary inaugurates new Peace center at Symbiosis International University (SIU).

In a significant step toward supporting peace and development, the Rotary Peace Center at Symbiosis International University (SIU) was inaugurated on 26 January, 2026. The program has been designed for mid-career professionals working in different sectors of peace and development either within Asia or Asian communities. One-year Rotary Peace Fellowship will train peacebuilders across Asia on pivotal issues in the region.

“In this interconnected world, peace can no longer be viewed as an abstract ideal; it must be cultivated through institutions that combine knowledge, ethical leadership, and action. Rotary believes that sustainable peace is built when education empowers individuals to serve beyond borders and think beyond divisions,” said Francesco Arezzo, Rotary International President (2025-26). “The establishment of the Rotary Peace Center at Symbiosis International University reflects Rotary’s commitment to nurturing leaders who understand and act with integrity towards a cause. Through this initiative, the center will contribute not only to regional peacebuilding in Asia but to a stronger global framework for shared responsibility,” he added.

“With India’s rich diversity and complex social landscape, the Rotary Peace Center at Symbiosis International University will offer unique opportunities for cultivating leaders who can navigate conflict with empathy and innovation,” said Bharat S. Pandya, Trustee, The Rotary Foundation (2022-2026). “By collaborating with Symbiosis, we are creating a platform where emerging and experienced peacebuilders can gain the knowledge, skills, and networks needed to address local and global challenges. This center will help in nurturing a new generation of leaders in Asia, dedicated to strengthening dialogue, understanding, and sustainable peace,” he added.

# ROAD RAGE!

## Event – A Grand Success!

RCB's Road Rage event (held on 25th January, 2026) was a great success with 25 teams participating. It was truly a wonderful start to the Sunday morning

Public Relations being one of the key pillars of Rotary, the Road Rage event gave us an excellent visibility. 25 cars proudly roared from Borivali to Goregaon with Rotary banners highlighting our flagship projects, creating maximum PR impact

From the bottom of my heart, I thank Event Chairman \*Rtn Kkunal Vorra, Monalli Vora, Rtn Mehul, PP Ashish, Secretary Jaynisha, and my daughter Aayushi\* for their valuable contributions. Special thanks to Rtn Jigna and Rtn Ajay for their on-ground support.

Thanks to the MCF Club for associating with us and for the wonderful response. The best part is Rotary Activities were circulated to more than 6000 members of MCF club. Special thanks to Rtn Hemant Asher. Thankyou Inner wheel Club of Borivli for your support.

Special shoutout to our so energetic participants who managed to complete so many tasks given to them with this enthusiasm. Truly your participation is appreciated

Sincere thanks to Dr. Dharmaji for sponsoring a free of cost teeth cleaning initiative for the winners, Cipla for free ORS juice to the participants, and to Rtn Ashwin Gala, Pinnacle Lab, Arunodaya Lab, Rupali Beauty & Make, and RN Salon for discounted vouchers.

Special thanks to Swadeshi Dairy for sponsoring 25 litres of chilled buttermilk for participants . Thanks Rtn KKunal for coordinating this.

Gossip Café was the perfect venue for our opening and closing ceremonies. Thank you Secretary Jaynisha for arranging the same.

The Feedback from all participants was very encouraging. The riddles, exercises enroute, activities at each location etc were just stupendous. All the clues for the Treasure Hunt were very unique and interesting.

Many non Rotarians have expressed their interest to learn more about Rotary activities, after seeing banners on the cars which were showcasing social activities of our Club. Many of them were keen on joining our Club.

***Rtn. Ketal Tapiawala, President***

## Service to the Community

The Rotary Club of Borivli has donated a 30-inch Autoclave with accessories to Bhansali Municipal Hospital & Maternity Home, Dahisar (East).

We express our sincere gratitude to the generous donors Dr. Ashok Doshi and Mr. Manish Chheda (Reference: Dr. Dharmaji Shinde) for their valuable contribution towards this essential medical equipment, which will greatly support patient care and hospital services.

## Rotary Quiz Event

On 10-01-2026, PP Narendra Shah and Rtn. Avinash Gujrathi attended the Rotary Quiz Event at Palghar, which was arranged by the District and hosted by RC Palghar. Sincere thanks to President Ketel for mentioning my name and Rtn. Avinash Gujrathi's name for the quiz.

It was a great experience and a wonderful opportunity to gain more knowledge about Rotary. As always, I am keenly interested in participating in Rotary quizzes. Both Avinash and I truly enjoyed yesterday's event—especially Avinash, who participated for the first time. He enjoyed it thoroughly and was happy to gain valuable Rotary knowledge.

In the previous-to-previous quiz, held at the Dahisar Rotary Centre, our club had secured 2nd rank, where I had participated.

This time, out of 8 teams, our club secured 3rd rank. So... better luck next time!

1st rank was secured by RC National Park, and Runners-up were RC Palghar, who had two teams participating.

We sincerely thank RC Palghar for their excellent hospitality and well-organized quiz arrangements.

**PP Narendra Shah**

## Sanjeevani Medical Kits Distribution

On 11-01-2026, we visited the remote areas of Shahapur and distributed 220 Sanjeevani Medical Kits across more than five Pada's. Each family was patiently guided on the correct use and dosage of every medicine, ensuring they felt confident and cared for. These rural regions have no access to vehicles, doctors, hospitals, or even basic general stores, making daily life extremely difficult. Seeing the relief, gratitude, and hope on the faces of the people reminded us why service matters. It was a deeply touching and fulfilling day, as we had the privilege of bringing care, comfort, and compassion to those who need it most.

# Masik Chakra Awareness

## Mangubai School :

On 12-01-2026, a Masik Chakra awareness session was successfully organized at Mangubai School for around 250 girls studying from 6th to 11th standard. The students showed great interest, remained very attentive, and felt comfortable actively participating in the interactive session. This initiative is part of our district project. I sincerely thank our Project Chair, Rtn. Shruti Dharamsi, for traveling from Ghatkopar early in the morning to support and guide this program.

## Poisar Hindi Medium School-1 :

On 22-01-2026, the Rotary Club of Borivli organized a Masik Chakra Awareness Session for girl students at Poisar Hindi Medium School-1, with the objective of creating awareness about menstrual health and hygiene. A total of 160 girl students attended the session and actively participated.

The second session was conducted at Poisar Municipal School 2 & 3, Borivali (West), where 450 girl students benefited from the awareness program.

Rtn. Shruti Dharamsi, District Chair, and Ms. Dharti Joshi were present during the sessions and shared valuable insights, highlighting important aspects of the Masik Chakra and menstrual well-being. They encouraged the students to adopt healthy and hygienic practices.

Special thanks to Dr. Dharmaji Shinde for coordinating and communicating with the school principals and supporting for the successful execution of the sessions.

Members present:

Pres. Ketan Tapiawala, Sec. Jaynisha Sampat, Dr. Dharmaji Shinde, Med Dir-Chetna Shinde & PE. Arti Parekh

# Dental and Eye Check-up Camp

On 17-01-2026, we successfully completed the Dental and Eye Check-up Camp at Bima Nagar Education Society, benefiting around 300 students, in association with the Indian Dental Association. We sincerely thank Dr. Kanak Ganguly, Dr. Karan Mehta, and Dr. Monish Naidu for conducting the camp smoothly and for guiding the students regarding further treatment wherever required. We also provided spectacles to the students who required them after the eye check-up.

A special note of thanks to Dr. Dharmaji Shinde for the flawless and coordination of the entire camp from start to finish. His and commitment played a key role in making this initiative and successful.

## Blood Donation Drive

Rotary Club of Borivli, in association with Aditya Group of Institutions and Kokilaben Dhirubhai Ambani Hospital & Medical Research Institute, successfully organized a Blood Donation Drive on 19-01-2026. The Camp was organized at Aaditya Shimpoli Metro Station, Borivli West.

The drive was inaugurated by Hon. MLA Shri Sanjay Upadhyay, in the presence of Dr. Sarkar - Director Aaditya School of Business Management, Dr. Balakrishna Parab - Dean, Shri. Ashish Mishraj-Trustee, and Dr. Babita from Kokilaben Dhirubhai Ambani Hospital & Medical Research Institute.

The initiative witnessed an encouraging response. A total of 80 bottles of blood were collected during the drive.

A special note of appreciation to Dr. Dharmaji Shinde for his excellent coordination with Aditya Group of Institutions and for overseeing the project from planning until successful execution.

We also extend our sincere thanks to the members who joined and supported the project: Dr. Dharmaji Shinde, PP Rashmikant Sanghavi & Dir-Medical, Chetna Shinde.

## The plantation drive

On 23rd January 2026, the Rotary Club of Borivli, jointly with the Residents of Yogi Nagar Association, successfully planted 30 saplings on the auspicious occasion of Vasant Panchami.

The plantation drive was carried out at RG-2 Garden, Opp. A-9 Building, Yogi Nagar, Borivali West.

We extend our sincere thanks to Hemant Ashar and Dr. Dharmaji Shinde for arranging the saplings and Treasurer Rtn. Ajay Jain for providing the garden space for this meaningful initiative.

Members present for the project:

- Pres.Rtn. Ketal Tapiawala
- Treas. Ajay Jain
- Dr. Dharmaji Shinde
- Dir-Medical Chetna Shinde
- PP Ashish Tapiawala
- Meghna Majithia

Together, we took another step towards a greener and healthier environment.

## Service to the Community

On 24-01-2026, the Rotary Club of Borivli, in association with Ram Roti Foundation, proudly served free lunch to the needy at Shatabdi Hospital. This initiative benefits over 500 patients and their relatives daily, bringing comfort and nourishment to those in need.

Going forward, our club will be participating in this noble cause every Saturday.

Lunch was sponsored by a KKUNAL VORRA.

Menu Served:

1. Puri, 2. Sabzi, 3. Khichdi, 4. Samosa & 5. Banana

Members Who Attended the Project:

Rtn. Kkunal Vorra & R/Ann. Monalli Vorra

We remain committed to Service Above Self.

You Can Celebrate your BIRTHDAY - ANNIVERSARY or ANY HAPPY MOMENTS by Giving Donation for this project at Shatabdi Hospital or at Shankar Lane, wherein approx 400 - 500 persons will have Lunch/snacks.

You may connect with Annapurna Project Chairman Harish Davda.

## Generous Contributions

On 24-01-2026, the Rotary Club of Borivli handed over the donation support for its permanent projects at Borivali Gujarati Seva Mandal.

The support was extended towards the Matushree Ranjanben Sudhindra Gyani Rotary Borivli Chemotherapy Relief Scheme, aimed at supporting cancer patients, and the Mona Manish Gyani Rotary Borivli Sonography Relief Scheme, providing support for sonography tests.

We extend our heartfelt gratitude to PP Manish Gyani and PP Mona Gyani for their generous contributions towards these impactful initiatives.

## Breast Screening Camp

On 29-01-2026, The Rotary Club of Borivli successfully organized a Breast Screening Camp at Bhansali Maternity Hospital, Dahisar, screening 91 women and contributing meaningfully to breast health awareness in the community.

The outcome of the breast screening camp was that three suspected cases (staff of Bhansali hospital) were identified, and the patients were advised to undergo further investigation.

I sincerely thank Rtn. Dr. Dharmaji Shinde for coordinating with Bhansali Maternity Hospital. Thanks, Medical Director Chetna Shinde for coordination and being there for entire day. I also appreciate the efforts of Club Admin Jigna, Rtn. Trupti, Club Trainer Ruma, Treasurer Rtn. Ajay Jain, and Nilam Jain for their valuable support in making this initiative a meaningful success.

**Ketal Tapiawala, President**

## Service to the Community

On 31-01-2026, the Rotary Club of Borivli, in association with Ram Roti Foundation, proudly served free lunch to the needy at Shatabdi Hospital. This initiative benefits over 500 patients and their relatives daily, bringing comfort and nourishment to those in need.

Going forward, our club will be participating in this noble cause every Saturday.

Lunch was sponsored by a well known wisher & Ravi Shah.

Menu Served:

1. Puri, 2. Sabzi, 3. Khichdi, 4. Samosa & 5. Banana

Members Who Attended the Project:

Rtn. Ravi Shah

Rtn. Kkunal Vorra, PE Arti Parekh, Pratik Shah & Monalli Vorra
