

RODEO REACH

August-September | Edition 2

Glimpses and Rodeo Reactions of Celebrations and Fellowship

Dear Rodeos,

I acknowledge and accept the presidency of our most vibrant club with deep gratitude. I would firstly like to congratulate Vidhya and her team for a well-executed year.

Indeed, we have seen some amazing projects and fellowships under her leadership. देव राइ- being the flagship that Deonar will remember for years . . .

Today as we begin a new chapter, i look forward to an incredible year, I have in mind the legacy left behind by our past presidents. I look forward. In my capacity as president, to continue our clubs tradition of service above self.

For this, I seek the support of each and everyone of you to ensure that we set new benchmarks both in the projects that we do and the fellowship that bond us together as one big family.

Let me add one more question to the four way test - Is it enjoyable? If we enjoy doing what we do, we will keep doing it better and bigger.

I am committed to leading the club with vision, integrity, and courage.

Let us now move forward together as a team with determination to make this an incredible year.

Ramayan dance ballet Finale. Superb performance 🥰

Rotary club members thank Sangeeta, Hema, Alka, Padma, Shobha and everyone who was a part of the organising team during the Onam festival.

The celebration took place at Thiruchembur Murugan Temple.

The occasion was graced by a Bharatnatyam performance that was understood by everyone without knowing the language.

The facial expressions and body language of the dancers were worth appreciating. Rotarians also visited the temple on the 3rd floor, that was carved in stone.

Highlights

- The flower decoration
- A well organised program
- The dress code
- Fellowship
- Introduction of new rotarians
- Mythological theme
- Delectable food like
 - paalada
 - pradhama
 - paayasam

As mentioned by Alka, the event was a success. Ramayana was a feast to the eyes and the delicious Sadhya was a feast for the tastebuds. Gratitude to Hema and special thanks to Kumar Subramaniam.

Kudos to Kala Srinivasan for the brilliant choreography and the flawless performance by her students. Sampurna Ramayanam was demonstrated, right from Rama's birth till Pattabhishekam, within a half an hour performance and the fantastic music was an added attraction. The dance was splendid, the girls were in sync & the laya was amazing. It was an absolute treat to watch for everyone present.

Karkidakam Masam also known as the Ramayana Masam – the epic Ramayan is read during this festival time in homes and temples and this spirit was brought to the Rodeos in a very aesthetically pleasing manner. Majority of the audience were not South Indians but they followed the entire story easily because of the flawless depiction.

Rodeos are totally blessed to have Kala as their Fine Arts partner. She brings colour & divinity to all the events.

Gratitude and appreciation to each of the artists, kids who trained so hard & spent their precious Sunday for Rotary.

Welcome New Rodeos

Rtn Dr. Harsh Unadkat
Rtn Mrs. Kunjan Jain

Hema - PH5, PH6, PH7

Kudos Indeed Rtn Hema Subramanian 🎉 pinned 3 times - Paul Harris - PH5, PH6, PH7 for contribution to the Rotary foundation

Contributions given for our TB - nutrition kits for our Global Grant 🙏🙏
