will be served during the Plantation Activity.

Rotary's Green Mission: Planting Trees, Growing Futures

With every sapling we plant, Rotary sows the seeds of a cleaner, greener tomorrow. Each year, the Rotary Club proudly leads impactful tree plantation drives—reflecting our commitment to protecting the planet and preserving its natural beauty.

Trees are the silent guardians of our environment. They cleanse the air, cool the Earth, conserve water, enrich biodiversity, and bring balance to our ecosystem. In a world grappling with pollution, climate change, and urban sprawl, tree plantation is no longer a choice—it's a necessity.

Through these green efforts, Rotary is not just increasing tree cover but also inspiring communities to take environmental action and embrace sustainability.

Let's join hands in this powerful mission. Because when we plant a tree, we plant hope, harmony, and a promise for future generations.

**ONE TREE TODAY, A FOREST TOMORROW.
LET'S GREEN THE EARTH—ONE SAPLING AT
A TIME.**
