TRANSFORMING LIVES.**

About RCQNM

Bringing Smiles To Millions.

We, the Rotary Club of Queen's Necklace, Mumbai (RCQNM), embody the twin ethos of Rotary International – Networking and Service. What started in 1985 (39 years ago) as a small gathering of young like-minded friends, has metamorphosed today into a Rotary Club of more than 180 members.

We are a Club where members bond to create Magic and Miracles, a Club that has a **Never Say No** attitude, and a Club that believes truly in **Service Above Self**.

Over the years the scale of operation of the Miracles Team has grown and we now enable social projects of approximately INR 25 Crores every year!

Our Mission:

The Mission statement of the Club is captured in one small question – “How Can I Help”? This applies not just to outsiders but also to Club members who bond with each other and network for business.

Our Vision:

The long term vision of the Club is to touch the lives of as many people as possible through consistent efforts in the fields of education, medical help, vocational training and women empowerment.

Membership to RCQNM is by invitation and approval is subject to the decision of the Membership Committee. We meet 2 times a month on Monday's at 6:30 pm at the Bellisimo Banquets, Chowpatty, Mumbai. We consistently bring on board the best speakers from diverse walks of life at our Monday meetings. All other events – called Fellowship events are curated specially to give our members the best value experiences.

The Rotary Way Of Life

Rotary International is a **global network of 1.4 Million** in neighbors, friends, leaders and problem-solvers. Our vision is a world where people unite and take action to create lasting change.

Founded in 1905, Rotary is the **World's First Service Organisation** and has been committed to solving real world problems through sustainable projects. Rotary's primary motto is **Service Above Self** and its secondary motto is **One Profits Most Who Serves Best**.

Our 46,000+ clubs volunteer and collaborate to promote peace, fight diseases like polio, HIV/AIDS, malaria, etc., provide clean water, sanitation and hygiene, support education, save mothers and children, grow local economies, and protect the environment.

One of Rotary's most notable projects is immunizing millions of children against polio from 1979 and contributing **USD 2.1 Billion** to protect over 3 Billion children from polio in 122 countries.

As people of action, we connect passionate individuals, apply professional expertise, and invest in our communities today while shaping a better tomorrow.

The Rotary Foundation

Rotary has one of the world's largest non-government foundation, with a current Endowment of approx. USD 1.6 Billion and an annual spend of USD 400 Million, tackling various humanitarian issues around the world.
