IPP RTN. ANANTHALAKSHMI'S MESSAGE

Dear Fellow Rotarians,

As I write this message, I feel a deep sense of gratitude, pride, and reflection. Serving as President of our Rotary Club of Mumbai Mulund East not once but twice has been one of the most rewarding journeys of my life. Being given this chance a second time is a rare honor, and I am truly humbled by the trust and support you have all shown me during both terms.

Over the past years, we have upheld the values of Rotary: Service Above Self, Fellowship, Diversity, Integrity, and Leadership—and made a lasting impact in our community. Whether in education, healthcare, environmental protection, or youth empowerment, our projects demonstrated the strength of our unity and the sincerity of our purpose.

None of this would have been possible without the dedication of our club members, the constant support of our board, and the quiet strength of our Rotary families. I am particularly proud of how we changed, grew, and continued to serve with enthusiasm and creativity despite facing challenges.

As I now hand over the leadership, I do so with great confidence in the future of our club. I assure the new President of my unwavering support and encouragement, just as I received from my predecessors. Let us all continue to stand together—not only as Rotarians but also as friends united in service and goodwill.

Thank you for allowing me to lead, learn, and most importantly, serve. With warm regards and Rotary spirit,
Rtn. Ananthalakshmi Iyer
