ROTARY NEWS

Rotary Opens Opportunities

On Jan 20th 2020 during International Assembly held in San-diego Rotary International President elect Holger Knaack with mixed emotions of excitement and nervousness for upcoming large responsibilities and endless possibilities humbly says " I am also part of team ". he committed to continue president Mark Maloney's commitments to carry forward may it be memberships, Rotary Foundation, Public Image and all concerned avenues. Holger Knaack drew concerned attention of all rotarians where rotary is declining and over aged. The Four way test and its significance towards honesty, to younge rotarians, rotaracters and new clubs as architects of future rotary. He emphasized on change and revolution, protection of environment and utilizations of technology in Rotary were his fewer aspects he spoke in gathering. He appealed to every club for yearly once strategic meeting and five yearly club assessment. through his four stories in speech he tried to spread a message convincing all of us that Rotary creates opportunities and give hope to create lasting change leading to peaceful mind to meet new lifetime friends to live reacher and more meaningful life based on core values. lastly he quoted " Everything A rotarian does opens Opportunities for someone somewhere" and that's why his theme for the year of his tenure shall be "Rotary Opens opportunities"

RI President
Rtn. Holger Knaack

Team Pinnacle As we all know, **Pinnacle means Highest point of Achievement.**Our DG Prashant Jani has given this theme since he believes all of us (RID 3060), can together achieve the best and the most impossible tasks even during the hard time we are facing due to the Pandemic. We will work together as a family/team and take Rotary to even higher levels with creative projects and serving the society with the widest and the tallest helping hand even as individuals. Each journey begins with the first step we take towards growth and rising, and if each member takes a step together, nothing can stop us from reaching heights that can only be imagined. Nothing is impossible and we have the best chance to prove that quote, special thanks to current pandemic that has given us the toughest and the newest challenges. Just like it is almost impossible to reach Mount Everest all alone without help and support, we will support each other in every possible way and create a new Everest in the world of Rotary as Team Pinnacle.
