## Inter-House Hindi Elocution Competition

At 'Nalanda' by Aditya Birla Education Trust significant national days are celebrated enthusiastically to educate students about their importance. This year, Hindi Diwas on September 12 featured an Inter-House Elocution Competition for Pre-Vocational students and those in grades V to XII. The event began with students forming a train and reciting a poem dedicated to Nalanda, written by Tr. Tarala Asher. Both junior and senior teams shared self-composed and other engaging poems, captivating the audience.

House teachers coached students to speak confidently, while the event was hosted by Rehan Kinra and Risha Jain. Judged by principal Aarti Gandhi and Tr. Talib Tinwala, students were evaluated on their introductions, memorisation, reading fluency, verbal clarity, and voice projection.

At Nalanda, every child's effort is encouraged, regardless of the outcome. Teachers also participated by reciting Hindi poems, delighting both students and faculty. Talib Tinwala highlighted the importance of learning the national language and thanked everyone for organising the event.
