After completing schooling from Panchgani and Commerce Graduation from University Of Pune, I moved back to Surat.

Here , I Studied Textiles and joined our Fabric Processing Plant which is presently Chinco Silk Mills in Pandesara, Surat.

Since childhood I have had strong connection with Travel, Nature, Trekking and Mountaineering, I have completed Basic Mountaineering Course from Nehru Institute of Mountaineering in Uttarkashi and later have been trekking frequently in India and few countries.

During the same time , I learnt to do Scuba diving and have amazing experiences to Dive in Koh Samui and Nha Trang in South East Asia.

Just last year I got inclined to join Rotary Club of Udhna with the purpose of serving and engaging in activities which can be useful to the society.
