## **CONSTELLATION OF ALUMNI OF RYE (IYE) STUDENTS OF OUR CLUB...**

***This virtual meeting of Thursday, September 24, 2020 was more like a District meet with a flavour of an International event “2020 Reconnect Week celebration : RYE Alumni meet”...90 plus attendees & minimum two persons per screen takes the attendance to 180 persons !!! Perhaps, one of its kind meet organised by a Rotary Club – kudos to R. C. Of Udhna.***

Young & young at heart, smiling, cheering, joyous faces, trying to recognise each other & exchanging greetings; it was truly “**Virtual Nostalgia**”.

The two young & bubbling RYE alumni charming **Chelsea Lalwala** & vibrant **Parth Desai** as master of ceremonies set the ball rolling with their lucid voice & as the Sgt. At Arms **Rtn. Vishal Bhandhara** called the meeting to order; a very soothing recorded audio of **RYE Song** floated in the air; a well conceived RYE song by **Ms. Dhvani Vachharajni** of Rajkot. **President Rtn. Vishal Merchant** elated by the presence and participation welcomed the gathering appreciating the pioneers & leaders for their active role in the RYE program and special welcome was accorded to PP. Rtn. Rajneesh Anand as Dist. RYE Chair.

After the greetings by the MOC; the champion, the IYE icon & the Rotarian who perhaps elevated R.I.D. 3060 RYE to enviable heights – the dashing **PP. Rtn. Devang Munim** was sounding so jubilant, thrilled and joyous as he took down the memory lane in his apt style. This event was envisaged last term during tenure of **IPP. Rtn. Manish Naik** as President but could not organise due to the current pandemic.

Presence of District RYE Chair **PP. Rtn. Rajneesh Anand** added to the purpose of the meet who spoke eloquently on the success of the RYE program in our District and how it grew to this magnitude.

We were all eager to listen to DG. Rtn. Prashant Jani whose name on the agenda enthused the large gathering but due to some other commitment we missed his gracious presence.

A specially prepared AV presentation Saga of “**50 years RYE journey of RCU**” was a treat to watch; our gratitude to **Annet (Rtn.) Bhavi Chetan Jariwala, Annet Chelsea Lalwala & Annet (Rtn.) Parish Bankim Dave**. Their efforts need to be appreciated and applauded as it was sincere hard work for couple of months.

*The presence of so many past IYE District Chairpersons attending this virtual meet added more meaning & purpose; they were,*

**IPDG. Rtn. Randy Wilson** from R.I.D. 7150 USA.

They all spoke straight from their heart and lauded the success of this program with R. C. Of Udhna & R.I.D. 3060, while, appreciating the passion and warmth.

### **ANTAKSHRI...FULL OF FUN & FROLIC – RCU CUP COMPETITION EVENT**

It was Thursday, October 15, 2020; on the virtual platform our Club's brainy Program committee chair **Rtn. Dr. Manish Patel** who also helped me for this meeting report; organised program full of entertainment participated by the entire family of R.C. of Udhna. **President Rtn. Vishal Merchant** welcomed the gathering after calling the meeting to order in absence of Sgt. At. Arms.

Youthful & courteous, orator & trainer Vice President **Rtn. Yayati Desai** under the “Know Your Rotarian” drive spoke articulately about his ascending career graph.

President Rtn. Vishal then invited the voice of Udhna – melodious singer **PP. Rtn. Dharmesh Kachiwala** and multi-faceted & versatile **Rtn. Nirali Naik** as anchors.

PP. Rtn. Dharmesh then introduced the program as the third event in **RCU Cup Competition** and invited Rtn. Dr. Manish Patel to update the gathering on the current points tally of various teams viz. Sachin's Samurais, Kohli's Kings, Rohit's Renegades & Dhoni's Dhurandars and also explain rules of RCU cup competition.

The fun ride started comprising of four rounds. The first round was traditional Antakshari where all three teams scored full points while Dhoni's Dhurandhars scored 10 out of 20. Second round was visual round, where Rohit's Renegades and Dhoni's Dhurandhars could score 10 out of 20, while Sachin's Samurais and Kohli's Kings scored full 20 points.

The third round was “Pair Round”, where all four teams were given different pairs of leading lady and man, teams were supposed to sing a song picturised on that actor couple. All four teams scored full 20 points in this round. In the last round, teams were given name of a God, and the teams were to sing two songs having this name in the lyrics. Again all four teams scored full 20 points in this round.

As there was a tie for the first place between Sachin's Samurais and Kohli's Kings (both secured 80 points each), a tie breaker round of two questions to each team decided the winner. Kohli's Kings was the winning team while Sachin's Samurais gained the second place, Rohit's Renegades (70 points) at third place and Dhoni's Dhurandhars (60 points) at fourth place.

Kudos to the duo of anchors Rtn. Nirali Naik & PP. Rtn. Dharmesh Kachiwala for their fun-filled compere. President Rtn. Vishal Merchant thanked the anchors & then in absence of Hon. secretary made the Secretarial announcements inviting all to Lokbharti school, Vesu on Monday, 19<sup>th</sup> October, 2020 for donation of 20 Laptops to the school which would aid them in online teaching in prevailing circumstances of COVID-19.

Man of few words but full of action, an entertainer, **Rtn Anil Jariwala** proposed Vote of Thanks. The meeting was then adjourned.

### KNOW YOUR ROTARIAN...

#### **Rtn. Yayati Desai**

Yayati Desai is India's First Certified Accelerated Evolution Coach, Inspirational Speaker and Trainer who's being trained by some of the best teachers in the world like Jack Canfield, Satyen Raja & Patty Aubery - who are truly respected leaders in the personal development industry. His mission in life is simple - to transform lives by making a positive difference in the lives of people and organizations. He helps people get from where they are to where they want to be in all aspects of life and business. A Gold Medalist in Chemical Engineering, has a Masters degree in Human Resource Development & has two diplomas in Training & Development. He's really passionate about bringing a shift in mindset of people and create a positive impact on the world.

## 1. You will set far better goals that motivate you in a healthy way.

Did you have Goal Setting 101 in high school? Probably not. Enter the coach, an expert in helping you to identify and set the goals that you really want.

Not the ones that are “shoulds,” pipe-dreams. Or the ones you've been recycling or that mirror the goals of your parents, society or advertisers.

Choosing the right goals for you is an art. Furthermore, the coach takes the necessary time to help you clarify your personal values. This ensures that you have something really solid on which to develop your goals. Value-based goals are naturally motivating, but it takes good coaching to get to these.

## 2. You'll accomplish goals and tasks and projects much more quickly.

One of the reasons that people hire a coach is to save themselves time. Working with a coach, they learn how to be far more effective, efficient and productive in everything that they do. Including their job/business or personal projects.

We humans just aren't that naturally effective, even if we think that we are. The coach has the tools and techniques to share with their clients so that things get done in less time.

## 3. You'll make fewer mistakes in your business life or in your personal life.

The old model of learning from your mistakes has deteriorated to be more like: How else will you learn if you don't make mistakes? With a coach, you have a third eye, someone who's been there and who has coached others in your situation. An expert in getting the job done with the minimum of fuss (called learning curve, mistakes, errors in judgment, wrong tunnels, etc.).

The costs (emotional, financial, time) of making mistakes has become very expensive in the past decade. A single mistake can ruin you in today's hyper-paced business environment. Some clients use their coach as an inexpensive insurance policy.

## 4. You'll move up to the next level of your professional and personal life.

Almost everybody is moving up the ladder of business success, personal development, awareness and emotional balance. The coach can help you see where you are right now and point out ways to grow and get where you want to get to. Or, if you're not even on the ladder, the coach can guide you to it and help you get started on your path.

## 5. You'll reduce the number of problems you have

The first step in solving a problem is to ask yourself why you have this problem at all. The second step is to ask yourself what you want instead, your outcome. You cannot afford to let a problem keep you stuck, period. Life's too short and problems are too expensive.

## 6. You'll likely make more money in your career, profession or business.

Clients don't keep paying their coaches just for the fun of it. Coaching, like every other professional service, needs to improve the financial bottom line and it does.

Coaches are trained to help clients to leverage their ability to make money, i.e., getting a raise, choosing a better career, starting a business, improving profitability. Thus, adding more value to their customers, proper pricing, productivity and others.

Sure, coaching is personal, but it almost always includes a strong financial aspect.

## 7. You'll be a lot happier and this happiness will last.

Coaches know how to help you to reduce stress, integrate all aspects of your life, simplify or downshift. Further reorienting around what makes you the happiest. What good is increased productivity and profitability if you're not happy?

## 8. You'll be much more effective and influential with others.

A coach is an expert communicator. He trains clients on how to come across better, relate well with others, listen aggressively, influence, coach, motivate, and support others.
