support to them on behalf of all Rotary Clubs of Rajkot. DG Rtn. Prashant Jani, in his speech, congratulated RCRG, praised Rtn. Mihir Modi and Rtn. Bhavesh Vegda for creating such a young, dynamic and diverse club during the challenging time of Covid. He also gave some fantastic examples towards work ethics, commitments and morals by short stories.

He installed all Board Members and also all the Members with the Rotary Oath. He inaugurated the 4 paged newsletter "Prime Time". The first edition is dedicated to RI President, DG, RCRP President and Secretary, also to our Rtn. Bhavesh Vegda and Rtn. Mihir Modi. Rtn. Bhavesh Vegda and Rtn. Mihir Modi described the journey from start to finish. Rtn. Mihir Modi shared his feeling of pride and gratitude that he was able to connect 65 members to Rotary's ideology, gave a new Rotary Club to Rajkot after 19 years and all the RCRP members are capable in matching the standards set by the other Rotary Clubs in Rajkot. AG Rtn. Ashwin Lodhia, as per his humble nature and man of few words, just waved in felicitation, showed that he is much more grounded as much as he is tall. RCRP Charter President Rtn. Vishal Sarvaiya thanked RCRG for connecting them to the ideology of Rotary and giving them this pious platform from which they will not only make friendships but also be change makers for the betterment of humanity. He also gave projection of their upcoming planned projects and events. He also praised all the Rotary Clubs of Rajkot and specially RCRG. He urged everyone to give a standing ovation to DG for completing 5000+ projects and achieving 1st position in entire India.

Congratulations to Team RCRP and also to our stars Rtn. Mihir Modi and Rtn. Bhavesh Vegda. We are very thankful to Rtn. Mihir Modi for all the inputs.

**Rotaryjobs.in**

In conversation with Rtn. Ashish Joshi- the man behind rotaryjobs.in- I'm a member in Rotary Club for last 11-12 years. One day, I had an idea which I presented to Mehulbhai and Nileshbhai. I strongly feel that if young people do not get proper guidance when they need it, then it becomes difficult for them going ahead. These days, infrastructure in educational institutes in Rajkot and its surroundings has improved, but young generation is doubtful about career opportunities in Rajkot. On one hand, we say that Rajkot is engineering hub and business capital and stuffs, but young generation feels they do not even get proper jobs here due to the lack of proper guidance. This led to the idea of using Rotary as a vocational platform, to bridge the gap.

For example, we see so many private consultants all over the town, who are mostly interested only in their personal income generation. If we take private recruitment services from them, they give us a 100 days replacement guarantee and charge 8.33%. In such cases, almost 95 % of people take the information of the recruits and contact them

directly after 100 days, give them a little hike, making the candidates think they got a professional growth, but the actual growth doesn't happen in 3 months.

I shared that with Mehulbhai and asked him to give me a chance to become vocational director and forming a permanent project for this by using Rotary as a platform. I'm grateful to Mehulbhai and Nileshbhai for giving me that chance. Jaydeepbhai proposed new members like Anup Joshi and all of us decided not to make this app-based, because if we make any Android or iOS app, then with every version, we need to make a lot of updates and hence, the cost increases. So we thought of making this web-based, registered the portal and decided to share our individual data internally.

To promote the platform, we thought of reaching out to almost 150 members in Rotary belonging to good industries like medical, trading, education so they can refer the project in their internal circles and this way we can involve more members. Rajkot also has 5 big clubs, in which we can promote this too. We can then move on to Saurashtra cluster like Gondal, Jetpur, Junagadh, and such, can eventually take it to District or State level.

The idea is mine, the technical support is provided by Anupbhai, Priyankbhai and Jaydevbhai is involved as a promoter.
