# MILESTONES OF ROTARY

**DID YOU KNOW!?**

## WHAT IS RCC?

**A Rotary Community Corps (RCC) is a team of non-Rotarian men & women who are committed to their community's long-term economic development and self-sufficiency.** RCCs are active in urban and rural communities in both developed and developing countries. Remember that no matter where you are, even if it is a developed country, there are always underserved groups and communities in need of assistance. **RCCs can help identify—and address—these service opportunities.**

Some RCCs are founded to address a specific project, while others attempt to tackle larger, more entrenched problems in the community. The goals of an RCC will depend on its community's specific needs.

### **WHO CAN JOIN?**

Membership in an RCC is **open to any non-Rotarian adult in the community who shares Rotary's commitment to service.** Members can come from any walk of life. Joining an RCC is not intended to be a path to Rotary membership, but it does expand opportunities for members to collaborate with Rotarians and develop leadership skills that will allow them to better participate in their community in an active and meaningful way. The partnership between an RCC and its sponsoring Rotary club is mutually beneficial, as it enhances Rotary's image and impact in the community.

### **GOALS:**

RCCs enable community members to personally **address problems in their community while recognizing their inherent dignity and value**, no matter what their occupation or social standing may be. This environment helps to foster and encourage the development of human potential to its fullest.

# ROTARY MEANS BUSINESS

## Why Rotary Means Business (RMB) Is Important?

- RMB brings back original focus of Rotary's founders: **BUSINESS NETWORKING**
- RMB's separate structure for bringing "business" back into Rotary supplements rather than competes with the service and fellowship aspects of Rotary
- RMB provides opportunities for potential members to experience the value of Rotary
- RMB supports member retention as Rotarians see the value added to Rotary by RMB
- When Rotarians' businesses are stronger, our members can create stronger Rotary clubs
- With stronger members, Rotary will be stronger, The Rotary Foundation is stronger, and therefore we are able to do more to support Rotary's mission, both locally & worldwide

The strength we bring to our communities begins and ends with strong businesses working together guided by the 4 Way Test.
