## President's Message

One of our top priorities will be empowering the youth of Bhavnagar. They are the leaders of tomorrow, and it is our responsibility to provide them with the necessary tools, resources, and mentorship to succeed. Through mentorship programs, vocational training, and scholarships, we will invest in the future of our community, ensuring that the next generation is equipped to overcome challenges and contribute positively to society. Further more, we will leverage technology and innovation to amplify our efforts. The digital age has opened up countless opportunities for us to connect, collaborate, and mobilize resources more efficiently. We will harness the power of social media, online fund raising platforms, and digital tools to expand our reach and create a greater impact. Lastly, I would like to emphasize the importance of fellowship within our club. Rotary is not just about service; it is also about building meaningful relationships and fostering a sense of belonging. Through regular meetings, social events, and fellowship activities, we will strengthen the bond between our members, creating an environment where everyone feels valued, inspired, and supported. In conclusion, as I assume the role of President of the Rotary Club of Bhavnagar, I am filled with a sense of optimism and determination. I firmly believe that by working together, we can create transformative change in our community and beyond. Let us continue to uphold the ideals of Rotary and strive to make a difference in the lives of those who need it most. ## From the Editor

Dear Friends in around Rotary

It is indeed an honour to me to edit a club bulletin which has proved its credential through its disciplined features and timely, smartly and vividly published for years and years.

Editing an almost 36 years old Rotary Rhythm, gives me much excitement and a feeling of a distinct responsibility to make a pleasant reading to the august readers.

Past President or I would say Centennial President Rtn Anish Vora, has done fantastic job in editing this bulletin for the 2022-2023, making it more interesting and worth reading. To keep its momentous, I do invite all the Rotarians Family and friends to share your Rotary thoughts through this illustrious media. In fact I strongly believe, reading Rotary Rhythm and growing yourselves along with it will surely make you in touch with Rotary and to be a proud Rotarian of the town. As for me, Rotary Rhythm had always been close to my heart in all previous occasions. In fact, it has been a long period I since I last edited, and frankly I was proved not very rhetoric but nevertheless with the new faces in and around the Rotary, and President Mithilesh bucketing enough confidence in me I am sure the delivering of editing would surely be magnanimous and commendable in every aspect of the inputs.

In the era of, Instagram, Whatsapp and FB the degree of communication may not match at Par and pace because something you would smell earlier than this media comes to sight. Any way, Reading Rhythm always comes with an implication as it makes you to touch the heart of the Rotary and to fell in love with Rotary.

Young and ambitious Rtn. Mithilesh and Hon'ble Secretary Rtn. Kaushal, as to what I believe and understand have categorically streamlined the plans and programs for the entire Rotary year. They have put on lots of efforts to ensure to reach all the segments of Rotary service, with devotion determination and dedication. Lets all raise our Rotary spirit to ensure we commonly share the growth and spirit of Rotary. We Rotarians have enlightened ourselves in engaging with Rotary the previous year which has changed our lives in our approached towards Rotary. IPP Jatinbhai Bhayani deserves lots of laurels in guiding the club to its new height.

It is said in Rotary that with wheels of time the wheels of Rotary also change. We respect the change and accept it whole heartedly. That is the beauty of the Rotary and that is how we create hope in the world.

Till Then have a heavenly reading all through the year. I am sure Rotary Rhythm Reader (RRR) always has a NATO NATO feelings which is instrumental in growing Rotary in and around of you.

Regards with Respect and love to one and all

**Rtn. PP Vikram Trivedi**
