Shining stars from the hopefuls

Its almost 28 plus years, since the inception of RAY OF HOPE : A CHILD CARE PROJECT.

Rotary continues to provide the required literacy to the children of evening classes of Child Care. The children coming from slum areas who are well tutored at Rotary Child care center have been able to excel in every sphere.

In past we had seen in board exams and various exams, students like Amarsinh Zaverbhai, Kanchanben and so on scored brilliantly

It is indeed a matter to feel proud that Nilesh Mer, Rahul Mer and Jaydev Makwana, who were the regulars to Child care since they were in the primaries had been enrolled in the BPTI in Chemical Engineering with efforts of Rotary.

Two years before in the campus interview they had great placement in the Indian Rayon. Now with an increment their annual packages is Rs 4.25 Lakhs
