Dear Fellow Rotarians,

“Great moments in leadership are not just about action, but about inspiration that drives action.” With immense pride and honour, we were privileged to host our RI Director, Rtn. Gurjeet Singh Shekhon (2027-29). His inspiring presence, visionary guidance, and motivating words left a lasting impact on all of us, reinforcing our commitment to serve with greater passion and purpose. It was truly a proud and memorable occasion for our club.

April has been a month of meaningful service and dedicated efforts. Our outreach at Mehali School created a significant impact through Dental and Eye check-up camps along with a Menstrual Health Awareness session to educate and empower young girls. Early intervention in health care is the greatest gift we can give to the young students.

To our older students, facing the pressure of competitive exams we conducted a Mock test for NEET exam helping them to take a confident step towards their dreams.

We also focused on holistic well-being through insightful speaker sessions—one on the benefits of naturopathy, promoting

natural and preventive health, and another on upgrading your inner radio station, inspiring positivity and personal growth.

Extending our service further, we conducted nutritional kit and newborn baby kit distribution to pregnant women, supporting mothers and ensuring a healthier start for newborns.

Our initiative Uphaar once again spread joy and strengthened our bond with the community, truly reflecting the spirit of giving.

As we move through the final quarter of this Rotary year, let us maintain this incredible momentum. Each initiative this month reflects our unwavering commitment to service and community welfare. I sincerely thank all our members for their dedication and enthusiastic participation.

With warm regards,

- Rtn. CA Bhavesh Hariyani
President 2025-26

EDITOR'S NOTE

Fellow Rotarians,

As we embrace May 2026 - a season of renewal and reflection - let's ignite our Rotary spirit with innovative action. Rotary thrives when every member is a storyteller, a contributor and a changemaker. Your ideas, opinions, and experiences - whether from a medical camp, a reading session or a simple coffee with Rotarians meeting - add color and depth to our collective journey.

Imagine our monthly bulletin as a vibrant Rotary Relay race - each edition a baton passed from hand to hand, carrying our club's stories, successes and service spirit forward. As your Editor, I've seen how one shared photo, one quick article or one bold idea can ignite the entire track!

Here's the spark: We're accelerating! This month, let's shatter records by getting everyone in the race. From this month onward, I invite you to:

- Share a short note on a project you've led or loved.
- Write a 100 word "inspiration moment" from your service.
- Suggest a book, quote, or tool that helped you grow as a Rotarian.

Let our bulletin become a living diary of our Rotary family- where every member's voice is heard, respected and celebrated.

Friends, engagement is not just attendance; it's participation, passion and pride in being a Rotarian. Together, let's make this club not just one of the busiest, but also one of the most connected and inspired.

With innovative zeal,

- Dr. Pragati Barot
