Celebrating and Empowering the Future of Rotary!!!!

Dear Rotarians,

As I sit down to pen this final message for the bulletin, my heart is filled with immense gratitude and deep reflection. It feels like just yesterday that we embarked on this beautiful journey together, and today, as we reach the final chapter of this Rotary year, I can truly say that a remarkable time it was!

Time passed in the blink of an eye, but it left behind countless memories, impactful projects, and moments that I will cherish forever. The laughter we shared, the challenges we faced, the milestones we celebrated – each one is a testament to the strength, unity, and spirit of our beloved 81-year-old club.

None of this would have been possible without the incredible support, enthusiasm, and hard work of each and every one of you. Every member of this club has contributed in their own unique way – whether by being present, taking the lead, lending a helping hand, or simply sharing words of encouragement. You all made this journey meaningful.

A special note of appreciation to Hon. Secretary Rahul whose tireless dedication, meticulous planning, and unwavering commitment made

sure that every idea turned into reality, every project was executed seamlessly. Your support has been my greatest strength throughout. Would also like to mention the two strong pillars who also stood by my side throughout- Manish and Gunjan who have always been my big supporter. My heartiest appreciation to Dr Pragati who every time assured that every moment was beautifully captured in these bulletins.

As this year closes, I don't see it as an ending but as a new beginning – for the next leadership, for new dreams, and for our continuous journey of service. I extend my best wishes to the incoming President Bhavesh , Hon Secretary Akshar and the new team. May you lead with the same passion, grace, and commitment, and may you continue to add glorious chapters to our club's rich legacy.

Thank you, from the bottom of my heart, for walking this path with me.

Serving the Legacy of 81 Years
