## From the President's Desk

### Good Greetings

As we embark on this remarkable journey together, I am filled with enthusiasm and anticipation for the incredible opportunities that lie ahead.

Congratulations to the WOW team 2022-23 on successful completion of the last Rotary year with remarkable achievements.

This year, our Rotary International theme is "Create hope in the world." These powerful words serve as a guiding beacon, reminding us of our responsibility to make a positive impact and instill hope in the lives of those we serve. It is a call to action, urging us to join hands and work tirelessly towards building a better, more hopeful world.

Hope is a remarkable force that has the power to uplift, inspire, and transform lives. It is our collective duty to foster hope, especially in times of adversity and uncertainty. Let us rise to the occasion and become beacons of hope in our communities, embodying Rotary's core values of service, fellowship, diversity, integrity, and leadership.

Fellowship and unity amongst our members hold a special place in our Rotary journey. The bond we share as Rotarians is one of the key ingredients that fuel our passion for service. It is in the spirit of camaraderie that

we find strength, inspiration, and support to make a difference in the lives of others.

Throughout this Rotary year, I encourage each and every one of you to actively participate in our fellowship activities. These gatherings not only provide us with an opportunity to socialize and forge stronger connections but also foster a sense of unity and togetherness within our club. By engaging in fellowship, we strengthen our bonds, build lifelong friendships, and create a harmonious and inclusive Rotary family.

Let us celebrate our diversity and embrace the unique perspectives, experiences and talents that each member brings to our Club. Our differences are our greatest strength, and by appreciating and respecting one another, we can create an environment where everyone feels valued, heard, and included.

As we set sail on this remarkable Rotary year, let us remember that our strength lies in our unity, our dedication, and our unwavering commitment to service. Together, let us create hope in the world and leave an indelible mark of positive change.

Thank you for your unwavering support with each of you being an integral part of the Rotary Club of Bharuch. I look forward to an extraordinary year filled with meaningful service, friendship, fellowship, and the fulfillment of our shared vision.

Yours in Rotary,

**Rtn. Rizwana Talkin Zamindar**

## Celebrate Endings – For They Precede New Beginnings

It just seems like yesterday when I took up the mantle of leading Rotary Club of Bharuch. But time flies like wind and now we are here today at the end of my journey as a president of this prestigious club. I feel really fortunate enough that I got this opportunity to be the President of Rotary Club of Bharuch and I am thankful to all the Board

members and senior Rotarians who believed in me and supported my presidency.

Looking back on past year I feel really proud that together we were able to achieve so much. We were able to do a lot for our community by our service projects and have reached to the far corners as well as poorest of poor through our initiatives and various activities. I really am humbled and feel proud that Rotary Club of Bharuch has remained at top position in district throughout the year in service projects in its group. This is only because of joint efforts of all of us and our diverse membership strength which has made this possible. We did carry out some of the major projects like Clinic on Wheels, Breast cancer awareness campaign, Netra Raksha camps, rain coats, sweaters and notebooks distribution, Bird rescue camp to name a few. I would like to personally thank each and every Rotarian who joined us in my dream project of Upahar. This was very well received by everyone and I must bow to the great

work done by chairman Rtn Dr Pragati Barot for this project throughout the year. In public image also we did a lot of work and our unique Azadika Amrut Mahotsav program was applauded and very well received by everyone involved as well in the District 3060. I must congratulate Public Image Chair Rtn Rachana Poddar for her work and dedication which has fetched our club laurels in Public Image this year. We also did enjoy the year with many Fellowship events like Treasure Hunt 2.0 by team Sangathan and potluck general meeting with highest attendance in the history of our club along with usual Navratri, Sharadpunam and Diwali celebration.

I am really blessed to be the president during a landmark year for our club in which we have given a strong leader to our District 3060 after a span of 12 years. It is an honour very few presidents get, and I am really lucky to witness this moment when PP Amardeep Singh Bunet was declared unopposed DG candidate for Rotary Year 2024-25. But as a club our work has just begun. We should work towards a singular goal of making 2024-25 best Rotary year of District 3060 and take RC Bharuch to new heights.

Rtn Rizwana Zamindar is very meticulous and hardworking Rotarian. I have seen her work and am sure that as a president of this club she will do fantastic work. I wish her and entire team of 2023-24 good luck for the upcoming year.

Signing off

Yours in Rotary

## My Space

**Create Hope in the World is the theme of 2023 24**

"The goal is to restore hope — to help the world heal from destructive conflicts and, in turn, help us achieve lasting change for ourselves. Rotary unites more than a million people worldwide. Together we see a world where people unite and take action to create a lasting change in our communities and ourselves. Being a Rotary member is unique, and enriching. It has added value to My Life,

profession, Social Network community service and much more. As a dental professional I had privilege of participating in various service projects of dental and medical health checkup and treatment camps organised by Rotary club of Bharuch. Rotary members stand by each other in testing times and support each

other is another warm experience. Rotary is ethical and by joining Rotary I have learnt to value of Service to the society and motto of service above self is embedded deep inside my conscience. My quest of serving underprivileged through compassionate service has found a ground to look at difficulties and limitations of other people. Rotary members stand by each other in testing times and together they are always ready as a team to work for the benefit of society. Significant improvements need to be made through efforts in various areas such as health and education.

Service projects should enhance economic and community development to create opportunities for productive work. Being a dental professional I would also like to see a hospital setup coming up in Bharuch city for giving best medical treatment to underprivileged. I wish to incorporate new approaches to face these challenges. Together with ROTARY we can create a more peaceful world — a more hopeful world.

# ROTARY INTERNATIONAL CONVENTION AT MELBOURNE, CONCLUDES WITH A MESSAGE OF HOPE

After imagining the future of Rotary in Melbourne, Australia, members and speakers at the 2023 Rotary International Convention looked ahead to next year's gathering in Singapore and being able to share hope with the world by focusing on mental health and well-being.

Jennifer Scott, chair of the 2024 International Convention Committee, talks about next year's event in Singapore during the closing session of the Rotary International Convention in Melbourne, Australia.

During the convention's closing session, 2023-24 Rotary International President R. Gordon R. McNally explained why he's asking members to make mental health a priority. When his only brother took his own life, McNally said, he became determined to fight the stigma around mental health issues and expand access to care.

McNally urged Rotary members to Create Hope in the World by getting involved and taking action at a critical moment in history.

"To create hope, we must continue doing our important work, and do it better than ever before," he said. "We must refocus our efforts to build peace across the globe. And we must help each other find peace within — and share that ethic of care to the people we serve."

Earlier in the day, Kunle Adeyanju, president of the Rotary Club of Ikoyi Metro A.M., Nigeria, reflected on how to fulfill the promise of a polio-free world. In 2022, Adeyanju rode a

motorcycle from London, England, to Lagos, Nigeria, to raise money and draw attention to the cause.

"We're in the last mile of the push toward polio eradication. That's quite encouraging," Adeyanju said. "But when you're so close to the tipping point, the whole gain you've achieved in the last 30 years could go away in one day."

He compared the commitment to end polio to his marathon ride.

"There were several instances where I was in the Sahara and I kept asking myself, 'Why am I doing this? Why did I get myself here?' But the resilient spirit in us says, 'Yes, it's difficult, but it's doable.' That's the same mindset we need to put into eradicating polio around the world."

During another session that focused on the difficult but doable, past Rotary Peace Fellow Ryan Rowe introduced Haitian Rotarians who have been working to bring clean water to 770,000 people in seven counties throughout the country as part of HANWASH, or the Haiti National Clean Water, Sanitation, and Hygiene Initiative.

Over the last three years, the organization has raised US\$1.8 million to dig wells, build latrines, and modernize water systems around the country. Organizers also plan to invest US\$400,000 in a mentoring and training program for local engineers.

This "is an incredible story of Rotary impact that the entire world needs to hear," Rowe said.

In her closing remarks, Rotary International President Jennifer Jones, who made history as the organization's first female president, made the connection between imagining Rotary — the idea of her presidential theme — and hope, an element of McNally's.

"We don't imagine yesterday — and we also don't look for hope in past actions," Jones said. "'Hope' and 'imagine' are words for tomorrow — words that propel us forward. They build upon each other and offer a path forward. A path of continuity."
