RI President : Rtn. Gordon R. McNally
Dist. Governor : Rtn. Nihir Dave

President : Rtn. Rizawana T Zamindar
Hon. Secretary : Rtn. Santosh Singh

Editor : Rtn. Dr. Ashok Kapadia
Co-Editor : Rtn. Dr. Vandana Sethi

Our Experience in Rotary

***“Honour & Shame;
from no conditions rise;
Act well thy path,
There all the honour
lies.”***

Dear Rotarians,
Sharing Rotary wisdom
and it's my turn for the
4th bulletin of Rotary
Club of Bharuch (RCB)
for the RY 2023-24. At
the outset, I thank the
editorial team for giving

me an opportunity to share my mind and at the same
time, I grab this opportunity.

The legacy of RCB is well-known and the association of
my family with the organization is equally deep. My late
grandfather Shri Mirza Pestonshah Jambusarwala was
the founder member of RCB, my late father was the past
president and I am the third generation Rotarian
associated with RCB. This feeling in itself gives a great
sense of belonging and commitment.

Rotary as an organization is time tested and today it
represents a large family having a global existence.

Rotary has been a school and a family to me. Joining
Rotaract in early days of life was a great learning

experience. It taught me lessons which the books in
school failed. On becoming a Rotarian, I was standing on
a strong platform offering me a plethora of opportunities.
It ultimately also stood as a testing ground for all that it
taught me. I am fortunate enough to hold various
positions from time to time, some of them critical and I
have always contributed to the best of my ability for such
a noble organization. One simple example is my
contribution in the form of 100 per cent attendance right
from the day I joined Rotary. The inner voice repeatedly
speaks loudly, that there is still a lot to be done and I have
to.

There is a great exchange of resources between a human-
being on one hand and the society on the other. In the
case of a successful person, even more. There is a great
shift of resources from the society / immediate world in all
forms to a human-being, finally making him successful
and a stage comes in life whereby one can repay to the
society and here I see Rotary playing a significant role for
the world at large.

Lastly, I consider myself blessed to be a part of global
Rotary family. The journey of life has been enriching and
more worthwhile imbibing and exercising the values of
Rotary.

With all good wishes.

- Rtn. Zubin Rohinton Jambusarwala

*“The world needs less heat and more light.
It needs less of the heat of anger, revenge, retaliation,
and
more of the light of ideas, faith, courage,
aspiration, joy, love, and HOPE.*

Project at a Glance

Flood Relief :

RC Bharuch team engaged into Humanitarian relief by providing drinking water and food for the flood We would take this opportunity to commend the humanitarian efforts of the team Rotarians Umesh Moria, Harsh Dalmia, Nirav Shah, Ankit Shah & Krunal Chavda. We would also like to specially mention the incredible efforts of Rtn Bhavesh kumar Soni for helping the team reach water inundated areas. Areas where relief work was rendered were Diva village, Dandiya bazaar, Gheekudia, Dholikui, Malbari Darwaja(Bharuch) & Shuklatirth. In total around 1800 flood affected people were provided food and water.

Flood Relief :

RC Bharuch continues its relief work today by Distribution of 261 Food Kits to the flood affected communities near Bhagakot Village, by the August hands of MLA Bharuch-Shri Rameshbhai Mistry, Shri Marutisinh Atodaria & other officials. These food kits would be sufficient for a family of four to sustain for a week. We thank members of RC Bharuch for volunteering & supporting this initiative. We specially thank Rtn. Rajshekhar Deshannavar for his efforts & good arrangements. We are very grateful to PP Prashant Ruia for his continuous efforts Procuring funds from Shantidham Trust, Leicester. We appreciate the donation of 500 pkts of Namkeen & Chikki by Mr Rahul Agrawal of Jabsons Foods Pvt Ltd. We also thank PP Santosh Tibdewal for donating towels & slippers, Rotarians Umesh moria, Harsh Dalmia, Ronak Shah and Nirav Modi for volunteering.

Project at a Glance

Flood Relief :

“Even in the darkest of disasters, Rotary continues to spread light and create hope in the world.”

Flood Relief : RC Bharuch team continued humanitarian relief on 19th & 20th September by providing food for flood affected people of Bharuch. Food packets were distributed to more than 300 affected in Sukhiyapura & Aawas yojana. We thank Rotarians Umesh Moria, Nirav Shah, Harsh Dalmia, and Bhaveshkumar Soni for their support.

RC Bharuch supported Medical Camp organised by United Muslim Association & City Cate Hospital at Malbari Darwaza of 200 families. 400+ biscuits were distributed to during flood relief medical camp.

RC Bharuch had arranged lunch to underprivileged children of Peer Kanthi & Maliwad area's.

Healthy Diet Awareness :

RC Bharuch organized **Healthy Diet Awareness program** at Nandelav Village to celebrate National Nutrition Week. We are thankful to Rtn. Dr. Nitisha Shah for informative session which was attended by 45 residents.

Speaker Meeting "Skills in the 21st Century" :

Speaker meeting organised & chaired by PP Rtn. Jivraj Patel. Guest Speaker Mr. Vishal Doshi on 20th Sept. 2023. He talked about knowledge on life skills, career skills, habits and traits critically important to succeed in today's world.

Project at a Glance

- President Rizwana T. Zamindar was invited as Chief Guest for celebration of World Physiotherapy Day organized by Mamta Rehab Centre.

- Rtn. Gautam Patel's son Abhilaksh Patel achieved Silver Medal in U-15 in 7th State Ranking Table Tennis Tournament at Tapati Valley International School Surat. He is in top 4 players in his category & in top 8 in U-17 in Gujarat.

RI NEWS

Rotary Foundation Trustees establish targeted funds to aid Morocco

The Rotary Foundation Trustees established a new Morocco Earthquake Response Fund in September 2023 to support immediate relief efforts for people affected by the devastating earthquakes. Donors can give directly to relief efforts led by Rotary members.

Contributions will be accepted until 31 December 2023. Districts can apply for grants from the funds until 21 September 2024 or until the funds have all been allocated. Any contributions that haven't been spent by 21 September 2024 will be transferred to the general Disaster Response Fund, to be made available for disasters worldwide.

How to contribute

You can give online, by check, or by transferring District Designated Funds:

To contribute online, use my.rotary.org/disaster-response-fund.

To give by check, make it payable to The Rotary Foundation or to an associate foundation and include a completed **contribution form**. In the DESIGNATION/PURPOSE section, choose Other and write the fund name (Morocco Earthquake Response Fund).

To allocate District Designated Funds, district leaders can use the **DDF contribution form**.

How to raise money to support these funds

Anyone can start a fundraiser for the Morocco Earthquake Response Fund on **Raise for Rotary**. Remember that:

Raise for Rotary currently accepts 12 currencies and is available only in English.

Donations made through fundraisers for the Morocco Earthquake Response Fund on Raise for Rotary will be credited and recognized as described below.

Any fundraisers on a third-party platform such as Facebook or GoFundMe won't offer these specific fund options and aren't eligible for Foundation credit and recognition.

How contributions are credited and recognized

Gifts to the Morocco Earthquake Response Fund:

Count toward a donor's total cumulative giving

Factor into Paul Harris Fellow, Paul Harris Society, Major Donor, and Arch Klumph Society recognition

Help the donor's club achieve the 100% Foundation Giving Club banner

Are not credited toward a club's Annual Fund giving, toward per capita or SHARE calculations, or toward generating DDF

Learn more about how gifts to the Morocco Earthquake Response Fund are credited and recognized.

How to apply for disaster response grants

Disaster response grants are available to District 9010 to support communities affected by the Moroccan earthquake. The district governor and district Rotary Foundation chair of this district need to complete the disaster response grant application, which is available on the Grant Center landing page. The maximum grant amount is \$50,000, based on the availability of funds, and the district may have two open grants at a time.

Shape-shifting Singapore

No matter how recently or how often you've been to Singapore, you'll always find something new. Wen Huang, editor in chief of Rotary magazine, has been to Singapore twice before. He visited again in July in advance of the 2024 Rotary International Convention, which will be held

25-29 May. In the September issue of the magazine, Huang shares some of the delights he found on his visit as a preview for the thousands of Rotary members expected to attend. Be one of them by registering before 15 December and take advantage of the early discount.

Modular homes for Moshchun

Rotary districts around the world have used disaster response grants totaling nearly US\$1 million to donate 76 modular homes to Ukraine. They're mostly for use in Moshchun, a city devastated during the early days of Russia's invasion. The effort supports jobs and is sustainable because the structures can be repurposed. But most importantly, the modular homes have made a swift and significant impact on people's lives – creating a sense of hope.

The life of a Rotary Youth Exchange student

Smera Chanda started her Rotary Youth Exchange in September of 2022. Sponsored by a Rotary Club in Charlotte, North Carolina, USA, she spent a year with host families in Catalonia, Spain, learning not only Spanish but also the local Catalan. Inspired to give back, she dedicated her hours after school to helping primary school students with their English. "I now have another incredible family whom I will remember forever," she shares. Read more of her story in her blog post for Rotary Voices.

Targeted funds to aid Morocco

The Rotary Foundation Trustees have created a Morocco Earthquake Response Fund to support immediate relief efforts for people affected by the recent earthquakes. Donors can give directly to relief efforts led by Rotary members. Contributions will be accepted until 31 December 2023.

The all-member survey is coming

The 2023 Rotary All-Member Survey is your chance to tell us about your experience as a member — what you like, what you don't, and how we can make your membership experience even better. Sign in to My Rotary and update your email address by 1 October to make sure you receive the survey.

IMPORTANCE OF WATER PURIFICATION

Water is the basic necessity for the functioning of all life forms that exist on earth. We all know about water agreement between Singapore - Malaysia and Cauvery river water dispute between Kanranatak and Tamil Nadu popularly know as Cauvery Conflicts. We have often heard the phrase "JAL HI JIVAN HAI", and it's essential to know - how does water correlate with our lives? The answer to this is pretty simple, Around 60% of our body is water. Some researches even found that the brain and heart are composed of 73% water, and the lungs are about 83% water. The skin contains 64% water, muscles and kidneys are 79%, and even the bones are 31% water.

Moreover, About 71% of the surface of the Earth is water out of which 97.5% is salt water and 2.5% is fresh water. Out of the fresh water, only 0.3% is in liquid form on the surface. India itself is facing a fresh water crisis as India has just 4% of the world's fresh water but 16% of the global population.

However drinking tap water was considered safe for drinking in India up until we came across various environmental issues and Industrialisation which made tap water unsafe for drinking. According to a

survey only 2% of the Indian population get water which is safe for drinking.

The normal tap water or the water which is considered unsafe for drinking contain various physical and chemical impurities, TDS (total dissolved impurities) etc. Water purifiers was a method of purifying these impurities up until RO purifiers were introduced, it removes impurities by removing contaminants

from water by using pressure to force water molecules through a semipermeable membrane. During this process, the contaminants are filtered out and flushed away, leaving clean drinking water. Nowadays a new and more efficient method of water purification is used i.e. Alkaline water purification which work on properties like micro clustering, anti-oxidation and alkalinisation. It's a genuine urge to each one us to consume alkaline water because if our body is acidic by nature then it's highly probable that we will have lesser immunity and will be prone to many deceases including cancer. So the crux is to make the body alkaline in nature to be healthy, happy and fit.

- VP Rtn Umesh Moria

Forth Coming Event

- 01 Nov. Wed. Training meeting
- 02 Nov. Thu. Diabetes Screening & Awareness
- 05 Nov. Sun. Rang Rangoli competition
- 06 Nov. Mon. Sweets distribution - world Interact Week

Interact Club of Bharuch in association with Rotaract Club of Bharuch had organised a cleanliness drive on the occasion of 'World Health Env. Day' which is celebrated on 26th of September every year.

Interactors and Rotractors went to the famous spot of Bharuch, i.e. 'The Gayatri Temple' the place which was totally littered and was found full of plastic bags and food packets.

We even encouraged local people to help us clean the place. It was our pleasure to clean a part of our mother earth. This project was a service to community, through cleaning the littered bank of River Narmada and The Gayatri Mandir. Some Board Members from Rotaract Club of Bharuch were also present for this cleanliness drive.
