Our Experience in Rotary

Dear Rotarians,

“It is not enough to say that we have arrived until we answer the question ‘Where and to what purpose?’

Greetings to my Rotary Family. As I share my journey and experience of Rotary in the 5th edition of the club bulletin for the RY 2023-24, I thank the editorial team from bottom of my

heart for providing this valuable opportunity of sharing my Rotary feeling and experience with each of my Rotary family members.

I am a second generation Rotarian and started my Rotary journey in 2003 as an Interactor with Interact Club of Bharuch. Went on to become the President of the Interact club of Bharuch for RY 2005-06 and then become the Interact District Representative for RY 2006-07 for RID 3060. I also had the opportunity to be part of the prestigious Rotary Youth Exchange Program and be an exchange student to RID 4590, Brazil in the year 2005. After my graduation in 2011, I became a member of Rotract Club of Bharuch till i was inducted as a Rotarian with Rotary club of Bharuch in the year 2015. My father PP Rtn Sunil Shah & wife Rtn Dr Nitisha Shah are also

members of Rotary Club of Bharuch. Rtn Dr Nitisha was inducted as member of Rotary Club on Bharuch during the RY 2021-22. Also I had the opportunity to participate in numerous club, district and even International RYLA's in my Interact term. Rtn Dr Nitisha Shah has also conducted session of Diet, Nutrition and Garbh Sanskar for planning/pregnant ladies residing at rural locations of Bharuch District under various Rotary programs.

A strong base during the Interact tenure and able guidance from senior Rotarians have helped me in big way in achieving my current social and professional status. Rotary club has given me the opportunity that no social, political or specialised business organisation could have given me. And to add the motto of Rotary i.e 'Service Above Self' and the '4 Way Test', are beyond any lesson one can learn.

We are glad and proud to be a Rotarian and promise to serve the community in all the avenues of Rotary to the best of our ability and wisdom and keep the flag of Rotary flying high. At last, I would like to conclude by quoting a Past RI President :

“[The Rotary ideal] is that within us that makes us know that when we are serving others, we are building ourselves”

Regards,

- Rtn. Ankit Shah

Unleash Your Inner Worth

"A woman is unstoppable once she discovers her worth"

From being born and raised in the City of Dreams-Mumbai, to moving to the heritage city of Bharuch has been a life changing experience for me- a journey full of ups and downs, highs and

lows. But I prefer the highs !!!

Graduating in Commerce and married into a family of Rotarians- who believe in service for the greater good of the community, I am a full time, ardent home maker actively involved in social activities for the Rotary & Inner Wheel Clubs of Bharuch.

As social work focuses on helping people overcome difficult challenges in life and identifying people and communities in need of help - I dream of the biggest of the dreams to come true.

Working with the diverse, underprivileged sections of society, issues regarding woman & child health, literacy for all & gender equality, I believe in women empowerment- through which women take up

leadership positions, strengthening their skills as women leaders.

Women have a unique role in their home environment- their foremost priority being their family and household.

Women always tend to have a better work-life balance, preferring flexible work schedules and programs & work from home opportunities.

We often hear of self worth necessary for forming a healthy self esteem and self identity.

Building self worth is a process & requires dedication, commitment and a desire to be a worthwhile person.

Our self worth should not be based upon someone else's opinion of us.

Hence the power of self worth is recognising your value and feeling of "I am worthy of love and respect".

Getting along with others, communicating effectively and working collaboratively for the benefit of the organisations has made me more mindful.

Women aren't competition, we're a community.

Let's get ready to see them soar !!!

Best Regards,

- Rtn Bijal Toprani

RI NEWS

Richard D. King, past Rotary International president who made humankind his business, dies at 84

Richard D. King, an attorney, educator, and entertainer had a passion for improving people's lives.

A member of the Rotary Club of Niles (Fremont), California, USA, served as Rotary International president in 2001-02. With the theme of Mankind Is Our Business, he encouraged members to extend compassion and aid to people in need and find workable solutions to the world's persistent challenges.

He asked members to reach out and welcome business and professional leaders into Rotary.

He served on the board of advisers of the Wheelchair Foundation and, through that and Rotary, participated in a project that provided thousands of wheelchairs to people around the world.

What he loved most about Rotary was helping people in need. Every second of the day, we heal the sick. We save lives. We bring hope. And we bring peace. And that's the thrust of Rotary. And in so doing, the Rotarian becomes a changed person.

A Rotarian since 1968, King also served as an RI director, Rotary Foundation trustee, International Assembly group discussion leader, and district governor. He received The Rotary Foundation's Citation for Meritorious Service and Distinguished Service Award, as well as the PolioPlus Pioneer Award.

He was a senior partner in the law firm of King, King & King and a member of the American Association for Justice. He was admitted to practice law in California, in Utah, and before the U.S. Supreme Court. He held three degrees from the University of California, Berkeley, and received an honorary doctorate in law from Hanyang University in Seoul, Korea. He taught law at Brigham Young University and received the BYU Management Society's Humanitarian of the Year and Distinguished Public Service awards.

King was a distinguished military graduate of the University of California and served on active duty in the U.S. Army in military intelligence. Early in his career, he produced shows and performed as a singer in Las Vegas, at Lake Tahoe, in San Francisco.

King was an active fundraiser for Boy Scouts of America and a member of the Commonwealth Club. He held the

Degree of Chevalier and Legion of Honor from the Order of DeMolay and was inducted into the DeMolay International Hall of Fame. He was a recipient of an order of merit from Italy and a holder of the Tiradentes Medal from Brazil. He was a high priest of the Mormon Church.

King died at age 84 and is survived by his wife, Cherie Kay King, and their two sons, Robert and Tyson.

Past Rotary International President James L. Lacy, an advocate for children, dies at 92

James L. Lacy, a past Rotary International president who was passionate about improving the lives of children and worked tirelessly to raise funds for Rotary's polio eradication efforts, has died at the age of 92.

Lacy, a member of the Rotary Club of Cookeville, Tennessee, USA, for 53 years, served as RI president in 1998-99. His presidential theme, Follow Your Rotary Dream, urged members to turn their dreams into action to address community concerns, particularly the needs of children.

During an address at the 1999 Rotary International Convention in Singapore, he challenged Rotarians to channel their caring into the lives of society's most valuable, yet most vulnerable, members: our children.

Lacy was a member of the Tennessee House of Representatives 1967-70. He served on Rotary's Polio Eradication Advocacy Task Force for the United States from 2000 to 2017, including serving as chair and he was an advocate for government support for polio eradication. He played a critical role in securing more than \$2.6 billion in U.S. funding for polio eradication. In 1997, he participated in a National Immunization Day in India, an event that vaccinated more than 127 million children. He was honored as a PolioPlus Pioneer in 2018 for his founding role in the program and his ongoing support.

Lacy joined the Rotary Club of Cookeville in 1964 at age 34. Lacy led a Group Study Exchange trip to England in 1977-78 that "opened his eyes to the internationality of Rotary" and became one of his fondest memories. He also served as president of his club in 1978-79.

In addition to RI president, Lacy served as RI director, Rotary Foundation trustee and trustee chair, district governor, and International Assembly moderator. He received The Rotary Foundation's Citation for Meritorious Service for his support of educational and humanitarian programs, as well as its Distinguished Service Award and RI's Service Above Self Award. He and his spouse, Claudine, are Major Donors.

Lacy was the owner and chair of a confection company. In 1986 he bought Gilliam Candy Brands Inc. in Paducah, Kentucky. He expanded it by buying other candy manufacturing plants in Kentucky as well as Georgia, Kansas, and New York. Before that, he was president of an investment firm and a successful real estate developer. He also served in the military from 1952 to 1954.

In the community, Lacy coached children's baseball for 17 years, beginning with his son's team in 1961. The Lacy's were also longtime members of the Presbyterian Church.

In 2005, the Rotary Club of Cookeville established the James L. & Claudine Lacy Children's Fund to enable the Putnam County school system to provide clothes, shoes, and other necessities to students in need. The club named the fund in recognition of Lacy's service as RI president and his

dedication to improving the lives of children around the world.

James L. Lacy is survived by his wife of 74 years, Claudine; his son, Bill, and daughter-in-law, Susie, of Olathe, Kansas; brother, Alvin, and his wife, Barbara, of Sparta, Tennessee; and sister-in-law, Rowena Lacy, of Hickory, North Carolina. Memorial contributions may be made to Cookeville Rotary Club, P.O. Box 1005, Cookeville, TN 38503, or Cookeville First Cumberland Presbyterian Church, 565 E 10th Street, Cookeville, TN 38501.
