REMEMBRANCE

PROJECT BIG SMILE – In memory of late Rtn. Bhumik Shah.

“If you have only one smile in you, give it to the people you love.” - Maya Angelou

Believing in the same quote, on 3rd September 2020 Rotaract District 3060 with participation of 40+ clubs and 600+ Rotaracters Touched 3900+ lives in different ways with an aim to spread smiles in Memory of our loving Late PDRR. BHUMIK SHAH.

This was all possible under the guidance of DRR. Swapnil Gaud and help of DRO Mandli. Our Heartfelt appreciation and thanks to All the clubs for Spreading Smile.

DRR. Dream Project Chairs : Rtr. Asjad Halwai Rac. Junagadh. Rtr. Ashwin Barot Rac. Bhavnagar Youth.

Major achievement focus of Rotary's World Polio Day event

- by Ryan Hyland

Rotary's 2020 World Polio Day Online Global Update program on 24 October hails this year's historic achievement in polio eradication: Africa being declared free of the wild poliovirus.

Paralympic medalist and TV presenter Ade Adepitan, who co-hosts this year's program, says that the eradication of polio in Africa was personal for him. "Since I was born in Nigeria, this achievement is close to my heart," says Adepitan, a polio survivor who contracted the disease as a child. "I've been waiting for this day since I was young."

He notes that, just a decade ago, three-quarters of all of the world's polio cases caused by the wild virus were contracted in Africa. Now, more than a billion Africans are safe from the disease. "But we're not done," Adepitan cautions. "We're in pursuit of an even greater triumph — a world without polio. And I can't wait."

Rotary Foundation Trustee Geeta Manek, who co-hosts the program with Adepitan, says that World Polio Day is an opportunity for Rotary members to be motivated to "continue this fight."

She adds, "Rotarians around the world are working tirelessly to support the global effort to end polio."

"Polio eradication is truly a collective effort ... This accomplishment belongs to all of us."

— Dr. Tunji Funsho, Chair of Rotary's Nigeria PolioPlus Committee

A collective effort

Dr. Tunji Funsho, chair of Rotary's Nigeria PolioPlus Committee and a member of the Rotary Club of Lekki Phase 1, Lagos State, Nigeria, tells online viewers that the milestone couldn't have been reached without the efforts of Rotary members and leaders in Africa and around the world.

Funsho, who was recently named one of TIME magazine's 100 Most Influential People of 2020, says countless Rotarians helped by holding events to raise awareness and to raise funds or by working with governments to

secure funding and other support for polio eradication.

Rotary and its members have contributed nearly \$890 million toward polio eradication efforts in the African region. The funds have allowed Rotary to award PolioPlus grants to fund polio surveillance, transportation, awareness campaigns, and National Immunization Days.

This year's World Polio Day Online Global Update is streamed on Facebook in several languages and in a number of time zones around the world. The program, which is sponsored by the Bill & Melinda Gates Foundation, features Jeffrey Kluger, editor at large for TIME magazine; Mark Wright, TV news host and member of the Rotary Club of Seattle, Washington, USA; and Angélique Kidjo, a Grammy Award-winning singer who performs her song "M'Baamba."

The future of the fight against polio

Rotary's challenge now is to eradicate the wild poliovirus in the two countries where the disease has never been stopped: Afghanistan and Pakistan. Routine immunizations must also be strengthened in Africa to keep the virus from returning there.

To eradicate polio, multiple high-quality immunization campaigns must be carried out each year in polio-affected and high-risk countries. During the COVID-19 pandemic, it's necessary to maintain populations' immunity against polio while also protecting health workers from the coronavirus and making sure they don't transmit it.

Rotary has contributed more than \$2.1 billion to polio eradication since it launched the PolioPlus program in 1985, and it's committed to raising \$50 million each year for polio eradication activities. Because of a 2-to-1 matching agreement with the Bill & Melinda Gates Foundation, that means that, each year, \$150 million goes toward fulfilling Rotary's promise to the children of the world: No child will ever again suffer the devastating effects of polio.

Here are some important updates for the year

- Rotary has a new area of focus — supporting the environment — after a unanimous vote by The Rotary Foundation Trustees and the RI Board of Directors. The Foundation is developing the eligibility criteria for grants in this area of focus and will have more information beginning in October. It will start accepting global grant applications focused on the environment on 1 July 2021.
- The success of Rotary's global grants means that the demand for the grants is expected to dramatically exceed the resources of the World Fund. Because of this, the Foundation Trustees decided to stop matching cash contributions to grants. That change took effect 1 July. Grants that had already been approved are not affected. And cash can still be contributed — it just won't be matched. World Fund resources will still be used to match District Designated Fund (DDF) contributions at 100 percent.
- International sponsors of global grants now need to contribute only 15 percent of the project budget, not 30 percent.
- Disaster response grants may no longer be used for

COVID-19 activities. Clubs and districts may continue to use district and global grants to help communities through the pandemic.

- The Trustees decided not to continue using global grants to fund the construction of low-cost shelters and simple schools. Based on the pilot that allowed these activities, the Trustees concluded that these grants were not widely used and were difficult to administer. District grants and disaster response grants may still be used for low-cost shelters and simple schools.
- Beginning in July 2022, Rotaract clubs can be the primary sponsors of global grants. We'll tell you more about this in the coming months.

Service Above Self Award –

Nomination Period open during October Rotary's Service Above Self Award honors Rotarians – and now also Rotaractors – who help others by volunteering their time and talents. Only district governors can nominate candidates for this award, and up to 150 recipients are selected each year. Entirely online nomination needs to be completed between 1-31 October.

Rotary in Future... Visualization of New Gen. Rotarians

Warm Greetings to My Rotary Family...!!

When I was asked to write about my experience about Rotary, all the memories flooded in front of my eyes and I am feeling nothing but gratitude towards Rotary and all the insightful experiences this organization gave me. Reminiscing about the memories, the experiences, my learning, I can proudly say that I have

enhanced my personality in a better way. I have been associated with Rotary from last one and half years as a Rotarian but as my father and my uncle is Rotarian from 2004, I can proudly say that I have grown up in a family who believes Rotary is their second home. In rotary I have got an opportunity to interact with the people from diverse background and cultures which just gave me a broader perspective of the corporate world at the very start of my career. I have developed immense changes and qualities in my life by being associated with Rotary club of Bharuch. Most importantly, I have learned the importance of giving back to the society which has helped me to develop in every way.

I want to also add that rotary has developed a feeling of taking responsibility in me at a very early stage. From volunteer to project co-chairman in various projects, it was really a cathartic experience for me. Rotary organized many such activities during the year like fund raising programs, free medical camps, distributing stationary among the under-privileged, etc. The most exciting initiatives which I found is some of our permanent projects "Aadhar", "8 A Side Corporate Cricket Tournament", "Rotary Youth Exchange Program", "Shantivan Smashangruh", "Rotary Diagnostic center" and "Adult Literacy program" all these projects are different in types but serve on the same Motto "Helping the society"

As a young Rotarian, I would not only like to spread awareness among the people of the initiatives and projects which we undertake throughout the year but also want to encourage to that more and more people participate especially to youth to take advantage of such initiatives. I would also like to undertake more projects where I can give back to the society which is the essence of the existence of this organization.

Lastly I believe in this unprecedented situation of pandemic, we can stand together as a one society and help each other in each and every way and come out stronger.

- Rtn. Hitarth Parikh

INTERACT CLUB OF BHARUCH

14th Oct. : "COURAGE UNLIMITED"-Stories that Inspire
 - The Women's Forum of BDMA along with Rotary Club of Bharuch Femina, Inner Wheel Club of Bharuch & Rotract & Interact Club of Bharuch has introduced an exclusive series of 'Stories that Inspire' in the name of 'COURAGE UNLIMITED'. The session was addressed via zoom virtual platform by our guest speaker Lt. Cdr. Patarlapalli Swathi, Indian Navy, Indian Armed Forces.

"Courage has a Soul, no gender" it seems that this quote had rightly been justified by her when she briefed us about her inspiring story. P Swathi was a crew member of

Indian Naval Sailing Vessel(INSV) Tarini , with an all women crew circumnavigating the globe in over eight months on a 56 foot ship (Tarini) sailing 4800 nautical miles.

ROTARACT CLUB OF BHARUCH
