MESSAGE FROM PP RTN SATISH MEHTA

Dear Rotarians Friends and family,

Today, I am Very much delighted to share my experience with Rotary for the journey of 12 Years. I have been invited to join Rotary as Chartered Member of rotary club of Bharuch Narmada Nagari since 2008 by our PDG and My Friend Rtn Parag Sheth..

Initially, I was given responsibility to look after our Adopted Gayatri Nagar Municipal school to nurture it in Best Manner. In Beginning time the position of this school was in very bad but our club had provided first of all compound wall by which we can be able to stand there, otherwise it was not possible to stand for 5 minutes. Then we provided all the things which are required to school. I found Rotary as platform to satisfy our self by doing various activities like blood donation camp, Eye Check up camp with corrective surgery, Kidney dialysis center, Anitm Yatra rath and so many projects, I found my self very much satisfied in one project where in one of our municipal school, there was no Electricity connection and Toilet bathroom for Girls and boys since the freedom of our country and our club tried level best to get electricity connection and provided the facility of TOILET Bathroom to Girl Students. If you look Rotary Positively, It is one of the best platform to satisfy our self and to serve community in large. I am also looking our BHARUCH NARMADA NAGARI ROTARY WELFARE TRUST in which our trust doing Fund Raising Projects like Volley ball tournament, Rotary ni Dhamal gali, Sharad Poornima etc. After joining Rotary, I have found Best Friends like Nathwani Saheb, S,B,Shah, Mitesh Shah and so many and social status too. I wish all the best to my Rotary Friends and Rotary too

Rtn Satish Mehta
Past President
