## MESSAGE FROM PDG PARAG SHETH

Dear Rotary Friends,

Rotary is entering its 116th year; a long and successful journey! Rotary has transformed the ideology of its members and has drawn up programs based on the needs of the community from time to time. But Rotary has never compromised their values and ethics. We the members are observing the high ethical values of Rotary in our day to day life and demonstrate the behavior of the Rotarians in the community. This is the public image of Rotary. We are proud of this world-wide time-tested organization.

Covid19 pandemic has temporarily changed the Rotary culture. We are meeting virtually with social distancing. However, the Rotarians have not changed their compassion and are engaged in doing good deeds to support the world and lending their service above self. Rotary Foundation has promoted their generosity resulting in maximum Covid-19 pandemic Global Grants within no time limit. I have observed that the Rotary Foundation has approved more than USD 180,000 grant from our district within 48 hours. Therefore there is a further need to strengthen our Foundation through whole hearted donations.

Friends, Rotary has opened the door for immense opportunities. If you close your eyes and think of doing good for the community, as soon as you open your eyes, you will immediately get the opportunity to implement your thoughts within a few seconds in the Rotary. Once you start to work on your ideas, the whole life will be insufficient to fulfill your dreams.

Rotary promotes collective efforts. You or I, alone cannot fulfill our dreams but, collectively we can. Therefore, our dedicated efforts require inviting maximum members to the Rotary. We are happy with our organization and hence it is our humble duty to invite our friends to become members of this great organization. My humble request to all my Rotary friends is that they may invite at least one new member from their business or friends circle to join the Rotary.

Friends, We are witnessed that IPP S B Shah has worked intensively to keep the momentum of club. He introduced many new ideas and projects in our club. That will great memoir for all of us.

President Pravindan Gadhvi has great enthusiasm and Rotary is in his blood. My humble request to all the members is to actively involve themselves in the various club projects and enjoy the Rotary.

I take this opportunity to convey my heartiest congratulations to IPP Shailesh Shah and his team for the successful year and best wishes to the incoming team.

Yours sincerely,  
Parag Sheth  
District Governor,

## MESSAGE FROM Rtn. PRAVINDAN GADHVI

Dear Friends,

It's my pleasure to interact with you very first time on our regular club bulletin.

First, let me thank all of you for giving me the responsibility as a Club president during the year 20-21. This has happened because of your trust and support extended to me in all our past activities.

Today as a President, I want to share with you three points -

1. Why I have joined Rotary
2. What I learnt from Rotary
3. What are my Targets during the Year

### Why I have Joined Rotary –

In 2011, I got opportunity as a member of Group Study Exchange program. I visited New

Zealand for a month. We had spent quality time which I will cherish throughout my life. I should thank Mr B K Shah who has supported me for this opportunity. From where I got inspired about the activities of Rotary club and I have Rotary Club of Narmada Nagari in 2012

### What I learnt from Rotary –

During the tenure of last Eight Years, I have worked with last 08 Past Presidents.

As we know, Rotary Opens Opportunity ... So during the tenure of above 08 years, I got involved as a project chair for some specific projects. That build leadership ability in me. This skill helps me professionally and personally to grow myself.

I learnt that how individual can contribute towards betterment.

I also get fulfillment on working with some important project of our club which supports society.

What are my targets- I feel that we together will focus on three area-

A) Service Above Self B) Fellowship C) Image building of our club

A) **On Service Above Self** – We as a club we have established various projects in terms Education support, Woman Empowerment, Focus on Health care & we are doing very good on this projects. Also our PDG Paragbhai regularly support at larger scale at International level. This year also he is going to Donate 75000 US Dolar to foundation. In addition to present project this year we are planning to come with three different project as per need – i) Project DISHA – To support Education ii) Project Suraksha - to support during COVID-19 pandemic situation iii) Project Shanti Dham – We are in evaluation to create facility in Bharuch. Along with this we will ensure effective implementation of all DG's projects. I understand there are different challenges during the year but we will focus on our targets and will evaluate the methodology of implementation. Regularly we will review status, monitor the progress and ensure continual improvement of all projects

B) **Fellowship** – I believe that as Rotary, our members are our customer. So it very important to understand the aspiration of our members and based on that we involved them to fulfill their expectation. This will be a win-win situation to deliver project activity more efficiently and satisfaction of all our members. At present we have 39 members on role, today we are going to install new 09 members. This is the major step towards strengthening of our club in terms of human resources.

C) **Image Building of our club** – This is not marketing but to raise the values of our club, so that others get inspire and finally we can multiply the efforts all around for betterment.

I am sure that with the support and coordination with all our members we will make the difference...

Regards

Rtn Pravindan Gadhvi
