"Pandora's Box and new year with a new HOPE"

The Greek mythological story of Pandora's Box teaches us the significance of self-control and self-discipline that can keep us away from the evils in the world. It also assures us that at the end of the day, there is always HOPE - despite the several storm of challenges!

The Samvat 2077 New Year has arrived and AD 2020 is about to get over! The new year wish which everyone had "May 2020 be an extraordinary one!" has proven to be one! We certainly have had an unusual year full of surprises and scares. But it has certainly given us a new way of living and new avenues and hopes. We have learnt to live with masks and sanitisers and OTTs and Indoor games! Curfews have taken us back to that era saying "early to bed and early to rise makes a man healthy wealthy and wise!"

Sometimes the situation surprisingly leads to such diverse paths which opens the doors for new opportunities! The theme 'Rotary opens Opportunities' has been truly proven with the very fact that rotarians throughout the world have come up with different perspectives! We at RCBS have been fully involved in the literacy mission for many years with so many GYANJYOT schools and projects revolving around them. The current scenario has given us many other avenues and opportunities to conduct various new projects for the villages, environment, health, hygiene and sanitation and many more! The power of empathy and culture of serving the community is the strength of RCBS which keeps the hearts of RCBSIANS throbbing with love, hope, unity, happiness and enthusiasm! May we keep carving our paths for serving the society through rising hopes each day from our Pandora!

Regards,

**Rtn Vaishali Shah**  
President 2020-21

## EDITOR'S

Dear Rotarians,

*Optimism is the faith that leads to achievement. Nothing can be done without hope and confidence – Helen Keller*

We all face difficult times. It is important that when the odds are against us, we strengthen our resolve to achieve our goal. Being optimistic would be the need of the time. Failure is not the end; in fact it is often the beginning of something great. Optimism opens us up to new ideas, new experiences and new possibilities and makes one believe that the road cannot end without options. It frees us up to consider new options and change our businesses, and lives, for the better. Having an upbeat attitude can inspire everyone around us. Because of their unique outlook, some of the world's greatest leaders have been more optimistic than the average person. They saw a bigger picture when it came to overcoming the impossible, which enabled them to be inspiring communicators, eliciting superhuman efforts to rally people toward a better future. Let us all be optimistic and keep smiling in all adversities.

## One-to-one From RI Director Rtn Bharat Pandya

The Covid pandemic has changed every- thing — the way we have our Rotary meetings, our project implementation and fellowship activities. It has brought unique challenges to Rotary. In all this change, one thing remains

constant — our commitment to The Rotary Foundation (TRF), the backbone of Rotary. Much of the good work in Rotary is possible because of TRF. It is our investment for the future. Giving to TRF is a truly 'effective giving'. Rotarians give to the Foundation because we know that our money is used wisely and well by our fellow Rotarians, and that together through TRF we can do much more than we could ever do alone.

The Foundation is the shining jewel in Rotary's crown. It is the means, the instrument to work towards goodwill, understanding and peace. Global grants allow us to do large-scale, impactful projects across the world. The proactive and timely response of TRF in disbursing grants in this pandemic has further fuelled the demand on the world fund. And hence supporting the Annual Fund is critical and it depends on contributions from every Rotarian, every year.

Support to the Polio Fund is vital to fulfill our promise of a polio-free world. The End Polio Now campaign is not just about raising money; it is about saving our children. I request all Rotarians to open their hearts and support the Annual and Polio Funds. Remember, what you give may be a drop in the ocean; but without your drop the ocean will be incomplete. Your support today is vital for keeping TRF strong tomorrow.

There are three kinds of givers — one, like the flint which gives only when hammered and then yields only a small spark; those like a sponge that gives when squeezed but soon runs dry; and the third, like a honeycomb that gives freely and keeps giving. Rotarians are like a honeycomb. They give freely again and again.

Emerson has said, "To know that even one life has breathed easier because you have lived, that is the meaning of success." The Rotary Foundation is that Power of One — one Rotarian, one club and one district — multiplied several times.

We Rotarians can help rebuild, reshape and restore our communities. And a good way to do that is through TRF. As we connect with one another and as new opportunities open up before us, let us continue to support our Foundation. Together we can and we will change the world.

## Did You Know?

### DEFINITION OF ROTARY

How do you describe the organization called "**Rotary**"? There are so many characteristics of a Rotary club as well as the activities of a million Rotarians. There are the features of service, internationality, fellowship, classifications of each vocation, development of goodwill and world understanding, the emphasis of high ethical standards, concern for other people as many more descriptive qualities.

In 1976 the Rotary International Board of Directors was interested creating a concise definition of the fundamental aspects of Rotary. They turned to the three men who were then serving on Rotary's Public Relation Committee and requested that a one-sentence definition of Rotary be prepared. After numerous drafts, the committee presented this definition, which has been used ever since in various Rotary publications:

**"Rotary is an organization of business and professional person united worldwide who provide humanitarian service, encourage high ethical standards in all vocations and help build goodwill and peace in the world."**

Those 31 words are worth remembering when someone asks, "What is a Rotary club?"
