President Reflects

*Rtn. Dr. Bharat Desai
President
Rotary Club of Baroda Sayajinagari*

Dear fellow Rotarians,
Greetings of the Rotary New year 23-24!!

I would like to express my profound gratitude and a deep sense of honour as I accept the role of President of this esteemed Rotary Club. I am humbled by the trust you have placed in me and committed to serving this organization with unwavering dedication. First and foremost, I would like to express my heartfelt appreciation to my predecessors- all 29 PPs, - who have steered this club with passion and commitment. I would also like to acknowledge the exceptional members of this club. Each one of you brings unique skills, experiences, and perspectives to the table, making our Rotary Club a diverse and dynamic force for change.

International theme for Rotary 2023-24 is "Create Hope in the World."

Hope is a guiding light that illuminates our path towards a brighter future. Hope is a powerful force that fuels our determination, strengthens our resilience, and creates optimism in our hearts. Hope is the belief that tomorrow can be better than today and that we have the power to shape that change. Hope empowers us to overcome adversity, conquer despair, and embrace the possibilities that lie before us. Active participation from each one of us can cultivate and spread hope in our communities, our nation, and the world.

How to create hope?

1. We must start with ourselves. We have to foster a positivity within our own hearts and minds. We should believe in our own capabilities and find strength in our passions and aspirations.
2. Then we can become beacons of hope, inspiring others through our determination and perseverance.
3. By reaching out and connecting with those around us, we can create a cascading effect of hope.

Tool of creating Hope are; a Kind word, Helping hand, or a Simple act of kindness which can make a profound difference in someone's life & and reignite their flickering flame of hope. By spreading messages of love, unity, and understanding, we can create a ripple of hope that can lighten even the darkest corners of our world. We can cascade this process by our collective action.

By joining hands our collective efforts of creating hope, pooling our resources, and supporting organizations we can create a world where hope is not just a distant dream but a lived reality for all.

Hope is not a mere abstract concept, But transformative force that can reshape our world.

So, let us rise together and be the beacons of hope that this world desperately needs.

Editorial

For the first time when I heard the district theme SAARTHI for the Rotary Year 2023-24, only Lord Krishna came to my conscious, THE ORIGINAL SAARTHI.

Krishna is One of the most renowned figures In Hindu mythology and a shining Example of a good leader. His Qualities of tact, wisdom, moral Uprightness, and dedication to Serving others make him an ideal Role model for aspiring leaders. One of the key characteristics That set Lord Krishna apart as a good leader is his exceptional Ability to navigate through difficult Situations with tact and diplomacy as the charioteer of Arjuna in the great battle of Mahabharata.

His profound insights into life, spirituality, and the nature of the self-resonate with people from all walks of life inspires me the most. A good leader Possesses such wisdom and is Able to guide and inspire others Towards a common goal.

Krishna's Unwavering commitment to Principles and his ability to make partial judgments establish him as a just leader. He serves as a Shining example for leaders to Remain steadfast in their moral Convictions. Furthermore, Lord Krishna's Dedication to serving others is A hallmark of his leadership. He Prioritized the welfare of others Above his own personal gain and demonstrated selflessness Throughout his life. Whether it Was helping the Pandavas in Reclaiming their rightful kingdom

Or supporting the marginalized and oppressed. Krishna always had the best interests of others at heart.

A Good leader should also possess the quality of selflessness and a Genuine concern for the well-being of others.

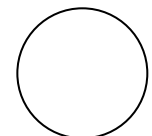

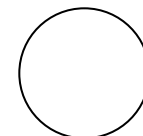

Krishna's ability to bring people Together and forge strong alliances Showcases his remarkable Leadership skills. In the battle of Mahabharata, he successfully Formed alliances with powerful Warriors and united various Kingdoms against a common Enemy. This ability to build strong Relationships, earn trust, and foster Teamwork is essential for any Leader striving to achieve collective Success.

In conclusion, Krishna's Leadership legacy continues to Inspire and guide individuals Across generations, reminding Them of the power of effective Leadership and the impact it can Have on society.

A very happy and Soul satisfying Rotary New year to all,
May Lord Krishna help you to be Krishna (Saarthi) in others' lives.....
