President's Message

Hello All

In August, our focus was on the environment, and we organized a tree plantation activity with the support of our club members. We also hosted an event to raise awareness about the importance of spiritual wealth, where we discussed the purpose of life, money, and the power of giving.

Unfortunately, August ended on a difficult note for Vadodara, as the city faced its first-ever flood, causing personal and professional losses for many. However, our Rotary Club, along with other NGOs, came together to help those in need.

We urge all members to help at least five families to rebuild their lives, especially those who have lost their homes. Together, we can make a difference in the lives of 250 families.

As we move into September, our focus shifts to education and learning. In this month, we aim to promote book reading and respect for teachers. August may have been challenging, but September brings new hope and enthusiasm. We need your support and contributions to make this happen. Many thanks for your support and let's keep doing the good work for the long-term.

Rtn. Hitesh Mali

Editor's Note

Dear fellow Rotarians,

Amidst the festive spirit of Ganesh Chaturthi, let us reflect on the significance of basic education and literacy, inspired by the wisdom of Lord Ganesha, *The Remover of Obstacles*

Lord Ganesha, revered as the deity of knowledge and wisdom, embodies the power of education. Just as he removes obstacles, education clears the path to a brighter future.

As we celebrate Ganesh Chaturthi, let us recommit to prioritizing basic education and literacy. By embracing the wisdom of Lord Ganesha, we can overcome obstacles, build a strong foundation, and create a brighter future for all.

Happy reading!

Best Regards,
Ann. Charmi Shah

BOOM'S BARODA - SPEAKER MEET

10th August 2024

An Evening of Cinematic Insights

This past Saturday evening, we had the pleasure of attending a captivating speaker meet in collaboration with Boom's Baroda. The focus of the evening was on film story writing, screenplay, and the fascinating journey of how a movie evolves from concept to creation. Our esteemed speaker,

Shri Mrugank Shah, brought this world to life with his deep insights and technical knowledge.

He shared a powerful story he had written back in 2012, titled Shikhar - Height of Honesty. The narrative was so compelling and packed with energy that for a full hour, the audience was completely absorbed, not a single person moving from their seat. It was as if the entire movie was unfolding right before our eyes, sparking our imaginations and drawing us into the story. The storytelling approach was nothing short of outstanding—truly spellbinding. It was an incredible experience to listen and learn about the art of film writing and screenplay.

A big thank you to Deval Bhai for suggesting and supporting this event. It was certainly an evening to remember.

If we are to truly change the world with The Magic of Rotary, it's up to all of us to foster a sense of belonging in our clubs. But every club should take its own path to get there, and the Action Plan can help you find your way.

Dear fellow Rotary leaders,

If we are to truly change the world with The Magic of Rotary, it's up to all of us to foster a sense of belonging in our clubs. But every club should take its own path to get there, and the Action Plan can help you find your way. What does that look like?

Take for instance the RC of Beveren-Waas in Belgium. It was chartered in 1974 but has evolved with the times, developing both a strategic plan and a membership plan. To find new members, the club analyses the city's professions to help focus its search, and all new members are quickly assigned tasks and roles. The club also mixes up meeting times, alternating between evening and afternoon sessions, making them accessible for all members. Sometimes, circumstances force clubs to make changes. But as people of action, we know that behind every obstacle is an opportunity.

The RC of Holyoke in Massachusetts was forced from its meeting place because of rising costs after the COVID-19 pandemic, but members took this setback and turned it into a strength. The club started meeting in a library community room that was available for no charge and catering lunch from a nearby deli. Lunch costs \$10 per person but it's optional, so no one has to spend money to attend a meeting. What a great way to work toward being "fair to all concerned."

Since making this change, the Holyoke club has gained 13 members. I suspect part of its membership growth is due to the club's sense of inclusivity — the first step toward belonging. If you ask members what they expect from the club experience, you might find that your club doesn't meet expectations. Think of this as an opportunity to reshape your club in exciting ways, as alternative club models are making a positive impact.

For example, a Rotary Fellowship called Beers Rotarians Enjoy Worldwide, or BREW, has worked closely with the Water, Sanitation, and Hygiene Rotary Action Group for the past eight years to assist with clean water projects. In that time, BREW has funnelled 25 percent of its dues to those initiatives. BREW is one of many examples of members pursuing belonging to improve the world.

Students of Grade X were deeply touched by the story "दो कलाकार" in our Hindi curriculum. The moral of the story was that a true artist is not one who paints pictures on paper but one who fills true colours of joy and love in someone's life. Inspired by this we had designed different products with a lot of effort and all of our love, which were put on sale for both parents and teachers. The amount collected from the project will be donated to the BHIS Interact Club.
