## WHY IS THERE A ROTARY PIN AND A ROTARY WHEEL?

The first lapel pin was designed and made by a New York Rotary Club member in 1909. The forerunner of the traditional Rotary pin worn today, it featured the Rotary wheel in its earliest representation with eight spokes, no cogs, and no keyway. Trivia question – why does the wheel need a keyway?

The wheel became the symbol of Rotary in 1906, a year after Rotary's formation in Chicago. Asked to design a symbol for the new club, a Chicago Rotarian drew a simple wagon wheel with a few lines to show dust and motion (14 spokes, no cogs, no keyway). Paul Harris reasoned that the wheel symbolized "Civilization and Movement." One observant Rotarian pointed out that a wheel would not generate clouds of dust in front of it, so they removed the offending cloud and that design remained the emblem for Chicago until 1912.

In 1910, the Rotary Club of Philadelphia added cogs to create a working wheel, symbolizing members working together, literally interlocked with one another to achieve the organization's objectives. They used 19 cogs in honour of their club, the 19th in Rotary. They created hundreds of metal pins with this design and successfully pitched it as the new official international wheel in 1912. It didn't hurt that the president of the Philadelphia club [who had designed that club's emblem] became president of the International Association of Rotary Clubs at the 1912 Duluth convention.

In 1918, two Rotarian engineers petitioned Rotary to amend the design of the wheel. They argued that a cogwheel with 19 cogs would not work. Also, the emblem had square-cornered teeth of disproportionate size, and the cogs were irregularly spaced. One called it, "an anachronism to engineers." Another called it "an insult to engineering that only the brain of an artist could conceive." They sketched a new wheel, with 6 spokes (symbolizing the 6 Objects of Rotary at that time) and 24 cogs or teeth. This design was presented to the Rotary world in 1920.

However, there remained many versions of the Rotary wheel in use around the world by the different clubs. It wasn't until 1922 that the Rotary International Association declared that all Rotary clubs should adopt a single design as the exclusive emblem of Rotarians.

The Rotary Wheel is also referred to as our Mark of Excellence and it should not be altered in any way, or used in any graphics in a way that diminishes it – e.g., it should not be used as Mickey Mouse ears! The colours and how the wheel can be used are very specific – don't mess with it! Check out the guidelines in the Rotary Brand Centre.

### So why wear a Rotary pin?

Have you ever been asked about your pin? I have. On airplanes, in grocery checkout lines, in meetings – it's a great conversation starter. Wearing a pin is a wonderful way to show your pride in Rotary and to have an easy way to start a conversation about what Rotary means to you. Don't miss that opportunity. Can you see the pin on this well-known guy's lapel?

## EACH ROTARIAN || REACH - ONE || BRING - ONE

**August** is Membership Month, which means it's time to celebrate your Rotary club, your members, and the good you do in your community and around the world.

There are many ways to join in the celebration, but here are a few activities to get you started:

- **Say it loud, say it proud!** Let everyone in your social network know that you are a proud member by changing your Twitter and Facebook profile to the [I'm a Proud Member](#), [I'm a Proud Rotaractor](#), or [I'm a Proud Interactor](#) graphic. Copy and save the graphic as your profile picture for August.
- **Exchange ideas.** Do you have successful membership strategies that have worked well in your community? Share them on the [Membership Best Practices Discussion Group](#).
- **We Are Rotary.** Using the hashtag #WeAreRotary, [post photos](#) to Facebook, Twitter, Instagram, to show how Rotary makes a positive impact in the world.
- **Making a difference.** Rotary clubs are known for the high-impact service projects they undertake locally and globally. Share stories about your service projects and how they improve lives on [Rotary Showcase](#). Be sure to follow us on [Facebook](#), to see what Rotary members around the world are doing to celebrate Membership Month.
- **What does Rotary mean to you?** Rotary members have pushed polio to the brink of eradication, delivered clean water to those in need, improved their local communities, provided scholarships to the next generation of peacemakers, and continued to do good in the world.

**Congratulations to Chairman Of "ROTARY WOMEN EMPOWERMENT", Mrs. Meeraben Panjwani for been recognize by HDFC Bank Ltd As Neighbourhood Hero**
