## President's Message

**Rtn. Siva**  
*President*

**Greetings!**

**FEBRUARY is WORLD UNDERSTANDING MONTH in the rotary calendar.**

One of the major programs that promotes world understanding is the Group Study Exchange. All clubs have been enthusiastic to host GSE members. World Understanding and Peace does not come to most of the world's population without serious efforts and sacrifices. A large part of the world's population lives under unacceptable conditions. World Understanding and Peace will not prevail under conditions like these, for very long. As Rotarians we know what to do. It is our responsibility to contribute to a world where people can receive clean water and have adequate sanitation. A world where we try to prevent diseases, and give treatment when disease occurs. A world where we care for maternal and child health and where people may receive basic education and literacy. It is our responsibility to contribute to economic and community development and through the above develop World Understanding which will allow us to work towards Peace and conflict prevention. World Understanding and Peace is about Rotarians living in the future while learning from the past.

Thanks

**Rtn Siva**
