How to Take Good Photographs on our Mobile

by Mr.S.Kanakaraj

S.Kanakaraj a renowned Advertising & Industrial Photographer in Chennai (India) for the last 25 years is popularly known for his Assignment Photography and an Award winning Film-maker.

S.Kanakaraj Started his Professional Photography during the mid 1980's with a leading newspaper in Chennai. Print Media provided him good exposures towards Press Photography.

Passion for creative Photography made him venture into the World of specialized advertising & industrial photography in the late 80's.

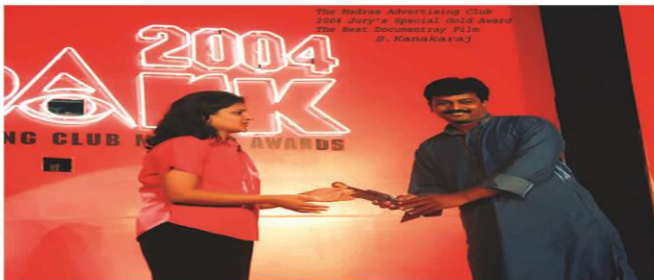

To-day he is specialized in shooting with, Digital cameras Ranging from 12 Megal Pixel to 60 Mega pixel Cameras. He creates Dramatic photographs, wonderfully eye catching images with great Creative ideas, and amazing services to clients. He produces images for brochures, portfolios, annual reports, print media and advertising, billboards, coffee table picture books, calendars, trade show displays, the WWW.....and again the list goes on and on. He Travels extensively for a wide range of clients towards the Remotes parts of the country risking against Insurgents.

260Mts below sea-level

He has Photographed Indian Infrastructure Projects like Mining sites, excavation at dam's sites and constructions of Roads, bridges, tunnels, hydro- power, thermal power, Nuclear power, Manufacturing, services & assembling Industries and buildings etc., It has given him a great amount Of exposures and skill to handle with high experience, Professionalism, dependability and compatibility.

His professional skill and vast experience in Digital still Photography has strengthened and created him with great experience & Success in corporate, Industrial Photography & film-making. His films were nominated and screened at the Bombay International film festival, Kerala film festival and Several International Film festivals.

Jury's' Special Gold award

Achievements'

He is a International Caterpillar Recognized Photographer & Film-maker. He hia contributes to the World's Number One Stock Image "GETTY IMAGES". He is one of the rarest Photographer who has gone 260 Mts below sea level Shooting a cavern.

He has done so far 112 corporate & Industrial films as on 31st March 2014.

His best documentary film on Social services "THE BEGINNING OF A JOURNEY" was award with the Jury's' Special Gold award in 2004 by the MADRAS ADVERTISING CLUB.

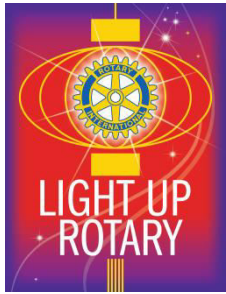

He is Past President President of Rotary Club of MCC 13-2014.

Rotary felicitates staff of Tanker Foundation

Two staff members of Tanker Foundation were recently felicitated at a joint meeting of Rotary Club of Adyar and Rotary Club of Ambattur. A dialysis unit was also presented.

Rotary Club of Adyar presented Gridharan the 'Social Responsibility Award' for the exemplary way in which he has been carrying out his duties as a dialysis technician. Ro-

tary Club of Ambattur gave dialysis supervisor Malathi the 'Dedicated Service Award'.

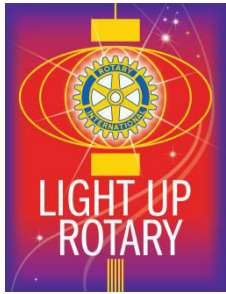

Rotary Club of Adyar handed over a dialysis machine to Ambattur Rotary Hospital. District Governor nominee G.N. Srinivasan, who was the chief guest, said both the Rotary Club presidents were doing a tremendous job for the community.

Adyar Times

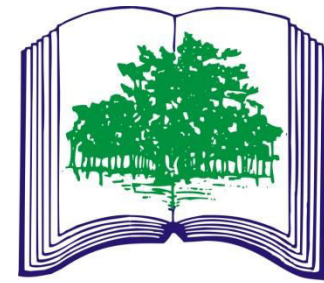

▼ Exemplary staff of Tanker foundation were recognized for their tireless work at a joint club meeting of Rotary Club of Adyar and Rotary Club of Ambattur on Mar.17 at Savera Hotel . The Adyar club donated a new dialysis unit "Nikkis.DBB27 Haemodialysis" to the Ambattur Rotary hospital.
